## United Fund at 87.4%, Efforts Are Continuing

The United Fund drive to raise \$400,000 for operation of 10 health-welfare-service agencies in 1971 reached 87.4% or \$355,760 Friday at the fourth of the four scheduled report meetings.

Volunteer drive leaders will continue their efforts to secure all unreturned pledge cards and to contact sources which may have been overlooked during the campaign. The drive opened this year with the United Fund "Fun Fair" event at the Wilson Park rink pavilion Oct. 3-4.

With less than 1% of the goal still to be obtained, it is possible to achieve the full quota, drive officials believe. A final report will be issued upon receipt of all pledge cards.

At Friday's "Dutch treat" luncheon, J. S. M. Dashwood, campaign chairman, called on divisional leaders to present reports.

The UF president said, "With the cooperation of all workers and the community in turning in pledge cards, we can achieve a goal never before attained."

He cited a "desperate need" for increased community services throughout the United Fund agencies.

Karandjef voiced confidence that if workers with reports yet to make and potential supporters yet to contribute will adopt and respond to this year's slogan — "If you don't do it, it won't get done," a total victory in the campaign will be achieved.

ports. The eight division chairmen introduced section leaders who gave detailed figures.

Dashwood expressed appreciation to the volunteer drive workers, emphasizing the assistance received personally from Thomas L. Griffin, co-chairman. Dashwood presented spiral desk pads to the division leaders.

**Recognition Plaques**  
H. D. Karandjef, president of the Tri-Cities Area United Fund board, awarded recognition plaques to Dashwood and Griffin, the latter plaque being accepted for Griffin by George Becker.

Noting that the goal has not yet been achieved and urging leaders to continue striving toward 100%, Karandjef commented on the current economic climate in the nation today and the effect it is having on United Fund campaigns in the U.S.

## 60,000 Aided By Aeromedical Airlift Yearly

By ALICE K. HUCK  
(Special to the Press-Record)

What's going on up there? Especially the past few years, all of us have been made awesomely aware that the sky means much more to us than

brilliant sunrises, scarlet sunsets, billowing clouds, warm rains, storms and patches of blue.

We've watched the shattering of our celestial steeple by space ships, satellites and jet planes.

One of these jets zooming nearby Scott Air Force Base is a ship of mercy—a DC-9 Nightingale hospital plane which guarantees that an American military man or woman "anywhere in the country is only a few hours away from the finest medical facilities in the United States."

The 375th Aeromedical Airlift Wing of the Military Airlift Command (MAC), headquartered at Scott, near Belleville, is responsible for the domestic aeromedical airlift of more than 60,000 sick or wounded servicemen and their dependents each year.

More than 800,000 patients have been airlifted without injury or fatality due to the operation of an aeromedical aircraft since the domestic system was created in 1948.

**Accident-Free Record**  
Crews and aircraft of the Wing have flown approximately 700,000 accident-free hours — the equivalent of more than 80 years of continuous round-the-clock flying — including 500,000 landings.

This number of hours, and that number of landings, seems

## Drug Education Training Made Possible by Grant

The need to educate and train more people on the hazards of drug abuse and misuse, especially individuals who can transmit the information to others and help eradicate a dangerous and difficult situation, is the primary objective of a "Drug Education Training" program to be taught in the Quad-Cities.

Granite City Police Chief Ronald Veizer, announcing the training program last week, said the instructor series will be funded with a \$7500 grant awarded by the Illinois Law Enforcement Commission.

Commission to the Granite City police department and Coordinated Youth Services.

Veizer said an estimated 150 police officers, students, educators, ministers and concerned citizens will take part in the drug education study course.

Trainers will be drawn from all segments of the four-county area with police officers representing each of the local departments.

The program will be geared to the officer on the beat, concerned citizens, ministers, educators and students, the police chief said. "We propose to conduct small training seminars dealing with the identification, rehabilitation and presentation of evidence for court procedure, as one facet of the course."

Veizer said the training program will allow early detection of drug abuse and drug movement in the community and be used in conjunction with the present drug program, now in operation here, such as the confidential telephone service, counseling, referral services

## Smith Election Vital To U.S. Future -- Agnew

Buyed by President Richard M. Nixon's comments in Illinois Thursday that "we need Ralph Smith," U.S. Senator Smith received further praise Friday in Belleville as Vice-President Spiro T. Agnew made his fourth Illinois campaign appearance.

Agnew described election of law enforcement supporters like Smith as the only way to "sweep that garbage" of violent demonstrators out of society. He referred to several dozen noisy hecklers at the Belle-Chair Fairgrounds as "fringe specimens of society."

The vice-president at one point raised Sen. Smith's right hand in a victory symbol, and strongly urged Illinois voters to retain the Alton Republican in the U.S. Senate in tomorrow's balloting.

Appointed in September 1969 to the vacancy created by the death of Sen. Everett M. Dirksen, Smith, who was born in Granite City, is opposed by State Treasurer Adlai Stevenson III, Democratic Senate nominee.

**Fed Up With Permissiveness**  
"The only reason Mr. Stevenson is running around here all talking like Wyatt Earp is that he has seen the polls. He knows that the people of Illinois are fed up with his permissiveness on the issue of law and order," Agnew said.

If this was 1968, the vice-president asserted, Stevenson would be "consorting with his liberal friends, meaning about as much as consorting with the enemy."

"A great question facing the nation is: Will the future of the United States be dictated by the extreme small ingrown parochial band of Eastern intellectuals who guided the social and political policies of the disastrous decade we just completed?"

**Looks To 'New Majority'**  
"Or will our future be determined by the new majority — the moderates, centrists and conservatives led by the President?"

"No election is more crucial to that great decision than the contest between the President's challenger, Ralph Tyler Smith, and his opponent, the spokesman for Eastern Establishment liberalism."

Veizer said the training program will allow early detection of drug abuse and drug movement in the community and be used in conjunction with the present drug program, now in operation here, such as the confidential telephone service, counseling, referral services

## Expect Heavy Balloting Tomorrow as Climax to Smith-Stevenson Race

Approximately 28,000 Quad-City voters are expected to go to the polls tomorrow to climax a spirited Republican campaign bid for further inroads on offices still held by Democrats at the state, county and district levels.

Leaders of both parties said they are expecting a county-wide vote of at least 95,000 ballots in the 183 precincts of the county's 24 townships. Some observers predicted that the top-level campaign fights, headed by the fight for the U.S. Senate, will bring out a vote heavier than the November 1968 balloting.

Polling places in the Quad-Cities and throughout the county will open at 6 a.m. and close at 6 p.m.

For the first time in Madison county's political history, voters will select their candidates and vote for a number of special propositions on the face of a voting machine rather than by marking paper ballots.

**Expect Faster Tabulation**  
Use of the machines is expected to speed up the tabulation of results. Some county officials say they expect complete election results by 9 p.m. or shortly thereafter. The total vote for the candidates and propositions is registered automatically in the machines, giving immediate totals to election judges for entry in an official report sheet, as soon as the polls close.

Predictions of a heavy vote are based primarily upon the campaign of Ralph T. Smith (R-Alton) who is seeking re-election as U.S. Senator to the four-year term ending in the term of the late Everett M. Dirksen. Smith, a native Granite Cityan, is opposed by Adlai Stevenson III of Chicago, now state treasurer, on the Democratic ballot.

All previous voting records in Madison county were broken in the general elections two years ago when 29,170 of the 35,068 registered voters in Granite City went to the polls, and a total of more than 100,000 votes was cast county-wide.

A slight drop in registration resulted this year, with a total of 118,985 persons registered to vote in tomorrow's general election. Total registration in the November, 1968, election was 130,685.

**GOP in Strong Bid**  
The Republican party has conducted an intensive campaign

## 5 Men Indicted By Grand Jury; 3 Others Plead

The Madison county grand jury returned indictments against five persons charged in two area crimes and exonerated another in its weekly report Thursday afternoon.

A no true bill was returned in a murder charge against Erving Young, 44, of 1137 Market street, Venice. He was arrested Sept. 26 following the fatal shooting of Zemry Riley, 24, outside of Garrett's tavern in Venice.

Indicted on charges of armed robbery in the strangling of Gene Carter Skaggs, 1937 Benton street, last month were Gary Sidwell, 20, of 2031 Dewey avenue; Carroll Figg, 21, of 2440 Ohio avenue; Danny Farley, 26, of 2813 Myrtle avenue; and David Farley, 20, of 2712 Denver street.

James Leroy Liles, 28, of 1310 Eighteenth street, was indicted on a charge of forgery. He was arrested last Monday on a charge of stealing a book of 25 blank checks.

Pleading guilty to a charge of burglary were Joseph C. Ludwigsen, 24, of Joliet; Jack M. Luvig, 24, of Collinsville; and Wayne D. Taylor, 1327 Myrtle avenue. They applied for probation, and a hearing was set for 1 p.m. Nov. 18.

A murder trial for six men charged with the sniping death of Gary Kistler, 20, a Dickerson, O., truck driver, last May during the Teamsters strike was set for the end of this week's criminal court docket. They are Roy Miller, 28, and Jackson Wofford, both of Rural Route one; Frank Thompson Mitchell; William Coombs, 48, of Collinsville; Jerry Lambert, 31, of Caseyville; and James Tolbert.

DANIEL CUPPETT Receives Certificate

## Daniel Cuppett Earns Award in Germany

Specialist Daniel Cuppett, son of Mr. and Mrs. Elwood Cuppett Jr., 120 Central avenue, recently was recognized for his ability as a "good driver" and presented the 32nd AADCOM Certificate of Achievement in Germany by Colonel Lake Churchill, commanding officer of the 10th Artillery Group. A draftsman with the 8th Battalion 53 section of Headquarters Battery, the local serviceman's award resulted from an incident which occurred last month near Fliegerhorst Kaserne, Germany.

According to Army sources, Sp4 Cuppett was returning to Fliegerhorst Kaserne, driving a M-101 vehicle, after spending the previous three days in the field on a special exercise acting as a radio operator, draftsman, runner and perimeter guard.

While driving along a highway, he was halted by a military policeman who waved him into a parking area where a sergeant called in overalls said, "Smile you are getting a USAREUR Roadside Spot Check," military authorities said.

A team of experts then thoroughly inspected the vehicle, reported it free of deficiencies, gave the soldier a 100% score and classified him as a "good driver." The incident was reported in the "Defendimus Sentinel," an authorized Army newspaper published by the 8th Battalion, 10th Artillery.

Sp4 Cuppett, who entered the Army on April 18, 1969, will observe his 21st birthday this Thursday. He is married to the former Jacqueline Kay Hayes, a daughter of Mr. and Mrs. Jack Hayes, 3140 Wayne avenue. Mrs. Cuppett is with her husband in Germany.

A 1967 graduate of Granite City city school, Sp4 Cuppett received basic training at Fort Leonard Wood, Mo., and advanced training at Fort Lewis, Wash. He was assigned to the 39th Artillery at Hanau, Germany, on Sept. 12, 1969, and will remain there until next April.

Sp4 Cuppett's address appears in today's edition of "Yule Mail Call."

## September Canal Freight 4.3 Million Tons

Freight tonnage shipped through the Chain of Rocks locks and canal during September decreased from August freight movement by 423,000 tons. Total September shipments amounted to 4,321,281 tons, compared to 4,804,996 tons in August, according to reports by the U.S. Army Corps of Engineers.

September freight volume this year increased 78,989 tons over

the September, 1969, shipments of 4,320,301. The total number of vessels passing through the locks decreased from 623 in August to 556 in September, with tow barges down from 942 to 883, tow boats down from 494 in August to 421 in September and private recreation boats down from 357 in August to 142 last month.

Types of boats showing in-

creases were passenger boats with four in September, compared to none in August; U.S. barges, nine last month, compared to two in August; U.S. barges, 16 in September and 14 in August; and U.S. patrol boats, up 4 from 14 in August.

Lockages for September totaled 207, compared with 1108 in August and 990 in September, 1969.

Total tonnage for the nine months of this year is 37,274,579, or 4,497,020 tons more than 32,777,559 tons reported for the same period last year. A total of 48,966 vessels have used the locks this year. This is 487 more than moved through the locks in the same period last year.

Commercial tonnage moving upriver in September totaled 2,292,187 tons while 2,088,594 tons moved downriver.

Freight shipments included: petroleum products, 399,400 tons upriver and 244,694 tons downriver; grain, 24,300 tons up and 1,500,600 tons down; coal, 886,450 up and 550 down; cement, sand and gravel, 21,900 up and 62,500 down; miscellaneous commodities, 847,800 up and 35,300 down; iron and steel products, 18,700 up and 73,750 down; chemicals, 293,577 up and 46,700 down.

Total upriver tonnage was 2,292,187 and downriver tonnage was 2,088,594. Commercial freight in September was 4,381,061 tons and governmental shipments was 200 tons.

## \$25,000 Pollution Study Grant Awarded U. of I.

A grant of \$25,000 for research in the field of environmental quality has been announced by William J. Kuhfuss, president of the Illinois Agricultural Association, the state-wide Farm Bureau.

The grant includes funds from FS Services, Inc., Country Life Insurance Co., and Country Mutual Insurance Co., all of whom are affiliated with Farm Bureau in Illinois, as well as a contribution by IAA.

The money will be made available to the Council on Environmental Quality of the University of Illinois College of Agriculture. The Council, appointed by Orville G. Bentley, Dean of the College, taken a new approach to research on environmental problems. Task forces from various departments of the

College of Agriculture, as well as researchers from other areas of the University and such state-supported research groups as the State Water Survey, the State Natural History Survey, and the State Geological Survey are combining their talents in an effort to gather a more complete body of facts more quickly.

For Water Study

The grant was made at this time to enable the council to begin work immediately on a study of the nitrate content of water in various areas of Illinois.

In announcing the grant, Kuhfuss declared, "The questions being raised about the quality of our soil, air, and water are of even greater interest to farmers and rural residents than to the urban population. Farmers rely on clean air and water as well as other natural resources for their livelihood. Rural residents are vitally interested in adequate supplies of pure water."

Kuhfuss also praised the new task force approach to studying environmental problems. "It is essential that we make the most efficient use of the best minds and facilities we have available to us in order to achieve realistic solutions to many of the problems facing us," he said.

Kuhfuss lauded the participation by FS Services, Inc., a cooperative farm supply organization affiliated with Farm Bureau in Illinois, Iowa and Wisconsin, and the Country Companies insurance companies in the project.

"This not only demonstrates the interest of these companies in the welfare of rural Illinois," he pointed out, "but shows an aggressive leadership in grappling with the problems of the proper use of plant foods and farm chemicals, as well as the questions of health and insurance protection involved in this whole environmental quality area."

Chairman of the new Council on Environmental Quality is W. R. Boggess, head of the College of Agriculture's Department of Forestry. The Illinois Agricultural Experiment Station headed by Dr. G. W. Salisbury, is also deeply involved in the work of the council. Dr. R. J. Miller, assistant director of the Experiment Station, serves as coordinator of the council's activities.

## Mailing of 1971 Auto License Plates Begins

Mailing of 1971 motor vehicle license plates has begun, with the first group of plates going into the mail last week, Secretary of State John W. Lewis announced today.

Mr. Lewis cautioned motorists, however, that state law prohibits display of the plates on vehicles before Dec. 1. Registered numbers and numbers assigned in response to special requests will be mailed first, and in general, numerical and alphabetical order will be following in the mailing.

Secretary Lewis pointed out that motorists who request reassignment of numbers beginning with a letter that is rather far into the alphabet will receive their plates at a later date than those who are retaining numbers with digits only or beginning with letters at the start of the alphabet.

License plates are third class mail, and may not be delivered as quickly as first class mail, Mr. Lewis said.

## September Bond Sales In County \$313,199

Madison county residents purchased a total of \$313,199 in series B and H United States savings bonds in September according to Henry D. Karandjoff, Granite City, county chairman of the savings bond committee.

Sales in the State of Illinois were \$23,068,157 according to Clarence S. Sochowski, North Central market director of the Treasury savings bond division. In the first nine months sales in Illinois amounted to 75.7 percent of the 1970 dollar quota of \$301,900,000. At this time last year only 66.8 percent of the dollar quota had been achieved.

## Burglars Active, Break in At Homes, Business Firms

A series of burglaries and attempted break-ins were among crimes reported to Quad-City authorities during the weekend.

Items valued at \$452 were stolen in a burglary at the home of John J. Pritchard, 2427 Center street, he reported at 8:20 p.m. Thursday. Entry was gained by cutting a porch screen.

Taken were 14 \$25 U.S. savings bonds, a miniature camera, a lady's gold wedding ring, a man's gold dinner ring with a sapphire stone, a quarter-horsepower electric drill and \$8. The camera was found later.

Several rifles were stolen in a burglary at the home of Gabriel Gantcheff, 2122 Edison avenue, he reported at 9 p.m. Thursday. The house was ransacked. Entry was gained by breaking a basement window.

**Auto Sales Burglary**  
A window was broken and a door was pried open in a burglary at North Town Auto Sales, 400 N. Main street, it was reported Thursday. A soda machine was opened and drawers were ransacked, but nothing was missing.

An attempt was made to enter the National Auto Supply store, 1843 Madison avenue, from the roof, it was reported at 2 p.m. Thursday.

Two skylights were kicked out, but a reinforcing rod, which was pried on, prevented entry. The intruders crawled through a fence at the neighborhood B. E. Hohlt agency, climbed to the roof there and walked to the supply store.

Someone broke the front door glass of the Parkview confectionery, 2201 Michigan avenue, in an attempted burglary. It was reported Thursday. There was no entry.

Janice K. Watts, who is moving from Mitchell to Springfield, Mo., reported to the Madison county sheriff's office at 9:35 p.m. Thursday that some items were taken from her local home at 804 Chouteau avenue.

Included was a window fan valued at \$20, clothing valued at \$100 and bedroom items valued at \$50. The house was ransacked.

Dennis Ozier, an employee of P. N. Hirsch department store, 1326 Nineteenth street, reported at 2:12 p.m. Friday that a woman shopper removed a suit from a clothing rack and left the store without paying for the garment.

Ozier said he followed the woman to the city-owned parking lot on Edison avenue, where she dropped the suit while entering a car driven by a man.

Two Granite City high school students reported their purses were stolen at school Thursday. Both purses were found minus the contents not far from the school grounds.

Vicki Sue Gerkins, 2203 St. Clair avenue, said her driver's license was taken and 75 cents in coins, and Mary Beth Stron, off, 1614 Lindell blvd., reported two sets of car keys, a driver's license, social security card and miscellaneous change were missing from her purse.

Six other purses were reported stolen at school during the same time period, one girl told police officers.

## Expect Heavy

In recent weeks, encouraged by the election of two county officeholders, State's Attorney R. W. Griffith and Coroner Robert G. Thomas, in the 1968 election, GOP leaders are making a strong bid for four county offices subject to election tomorrow, as well as for district and state posts.

In addition to U.S. Senator, voters will ballot tomorrow on the election of a state treasurer and state superintendent of public instruction at the state level.

They also will choose a Supreme Court Judge of the Fifth Illinois district which includes Madison county, a congressman from the 24th Congressional district; a state senator of the 53rd Senatorial district (three state representatives of the 55th Representative district, and a clerk of the Fifth district Appellate court.

They will elect three trustees of the University of Illinois, and four county officials—a sheriff, county clerk, county treasurer and superintendent of the educational services region.

**Propositions on Machine**  
Two special propositions will be on the face of the voting machine, and one will be voted by separate paper ballot.

The proposal to issue \$750 million in bonds for water pollution control will be on the machine on a white background, and a proposal to amend the Illinois Banking Act will be on the voting machine on a pink background.

The only paper ballot to be used in the election is that for voting on a proposed constitutional amendment to eliminate personal property valuations as to individuals. It will be on blue paper.

The ballot for voting on retention of circuit judges of the Third Judicial circuit will be on the face of the voting machine on a green background.

Foremost in tomorrow's races is the contest for United States Senator between Smith on the Republican ballot and Adlai E. Stevenson III on the Democratic ticket.

Other candidates listed on the ballot are Lynn Henderson of the Socialist Workers Party, and Louis Fier of the Socialist Labor Party.

The race for state treasurer pits Democratic State Senator Alan J. Dixon of Belleville against Edmund J. Kucharski, treasurer of Cook county and chairman of the Cook County Republican Central Committee.

Naomi Allen is the nominee of the Socialist Workers Party and Edward C. Gross is the candidate of the Socialist Labor Party.

**Page Seeks Re-Election**  
Republican incumbent Ray Page is seeking re-election as superintendent of public instruction, opposed by Democrat

Michael J. Bakula, assistant dean of the College of Liberal Arts and Sciences at Northern Illinois University. Others seeking the position are Socialist Workers Party candidate Emerson Allen and Socialist Labor Party candidate George A. LaForest.

Appellate Court Judge Joseph H. Goldenherb is the Democratic candidate for judge of the Illinois Supreme Court, opposing Circuit Judge Harold R. Clark, Republican of the Third Circuit. The candidate elected will serve until 1980.

The race to fill a vacancy in the office of clerk of the Fifth District Appellate Court pits Democratic incumbent Walter T. Simmons of Venice against Republican David F. Mallett. Simmons was appointed to the post in 1968 to fill a vacancy created by the death of the late James McLaughlin. Four years of McLaughlin's six-year term remain.

Republican state senator Merrill Ottwein of Edwardsville is seeking re-election in the 53rd District against Democratic candidate Sam Vadalabene, state representative of the 53rd District the last four years.

Melvin Price (D-East St. Louis) is seeking re-election, the Republican candidate is Scott Randolph, principal of Washington elementary school in East St. Louis. He is first Negro ever to run for congress on a major party ticket in downtown Illinois.

## John Lucas, Maryville Police Chief, Dies

John "Buster" Lucas sr., 67, chief of the Maryville police department for 36 years, died suddenly of an apparent heart attack in his home at 3 p.m. Saturday. An inquiry will be held.

Mr. Lucas, whose son, Ronald Paul Lucas, is mayor of Maryville, was born in Glen Carbon and had lived nearly all of his life in Maryville. He was a member of United Auto Workers Local 325 and a member of the Our Mother of Perpetual Help church in Maryville.

He was a minor and major league baseball player, having played with the Three-M league in 1933, later joining a Nebraska league which sold him to the Boston Red Sox. In 1934 he played with the House of David on Michigan. He was forced to quit baseball because of a back injury.

He leaves his wife, Mrs. Helen Lucas; one daughter, Miss Barbara Ann Lucas of Maryville; three sons, John C. Jr. of Collinsville, Thomas Vernon of St. Louis, and Ronald Paul, two sisters, Mrs. Edward (Lillian) Harrison of Caseyville, and Mrs. James (Ann) Albright of Toledo, Ohio, and five grandchildren. Three brothers preceded him in death.

### Crash Victim Buried

## Retention of Judges On Voting Machine

The method of voting on retention of judges in tomorrow's general election has been clarified by Miss Eulalia Hotz, county clerk.

Retention candidates are Appellate Judge George J. Moran and Circuit Judges Joseph J. Barr, Harold R. Clark and James O. Monroe.

Judges running for retention in office are on the voting machine. They are not found in party columns, and are not covered by straight party voting. The judges column is to the right, and colored green. To vote on a judge running for retention, voters must vote separately in the green column.

No judge listed is running against any other judge. Each is running separately for his own retention in office. Voters can vote for each judge running, without hurting the candidacy of any other judge.

If any of the four judges is not retained in office, a two-year vacancy will result in that judgeship, to be filled in two years by a party election.

**HAND FAMILY WINS HANDS DOWN.** Five children of Mr. and Mrs. John Hand, 3801 "B" street, Pontoon Beach, who captured first, second and third place awards in the "best dressed" division of the Moose Halloween Parade in Granite City Saturday. From left—Dennis and Melody, first place; John Charles and Deborah, second; Kimberly, third; and their mother, Mrs. Joyce Hand.

## Family Sweeps 3 Prizes In GC Halloween Parade

Five members of a Pontoon Beach family swept first, second and third place "Best Dressed" cash awards in the annual Halloween Parade held Saturday evening through downtown Granite City under the auspices of Moose Lodge 272 and the Downtown Granite City Shopping Center Merchants.

An estimated 175 masqueraders led by the Rolling Nobles motorcycle scooter squad of the Tri-City Shrine Club participated in the seasonal parade and costume judging event.

Marchers gathered initially at the city hall steps on Niedringhaus avenue to receive numbered identification tags from members of Women of the Moose, Chapter 247, who assisted the men's fraternal organization.

The unprecedented prize—winning feat for a single family—was achieved by the children of Mr. and Mrs. John Hand, 3801 "B" street, Pontoon Beach.

Awarded the first place "Best Dressed" prize were Melody, eight, and Dennis, nine, garbed as "Creatures from out of space"; second place was won

by John, 12, and Deborah, 14, attired as pirate warriors; and third place went to Kimberly, seven, dressed in a nurse's outfit.

In the "Most Comical" costume judging division, first place was awarded Bobby, 14, Janer, 16, Billy, five, and tiny Lorraine Hartzel of Rural Route One, who appeared as a trio of witches pushing a baby stroller in which a "small chimpanzee" was riding.

Second place in the same category were Pamela Alexander, 13, of 1054 Grand avenue, Madison.

Most Original  
"Most Original" category first place winner was Phyllis Ann Ellis, eight years, daughter of Mr. and Mrs. Earl Ellis, 3648 Nameoki drive, who was cleverly costumed as a "shuck of corn."

Second place was awarded to Marlene Mercer and Mayme Waggoner, 2514 Grand avenue; and third place to Dorothy Holt, 11, of 1025 Alton avenue, Madison.

A total of 76 consolation prizes was presented by the sponsoring groups to the youthful and adult marchers.

Edward Chastain, Moose civic affairs chairman and parade marshal, coordinated the 1970 Halloween event. Serving as judges were Lt. Donald L. Noyes of the Salvation Army; Alderman Thomas Boker and Officer Jacobsmeyer, deputy clerk of the circuit court.

### Smith

the police are made the regular victims of urban terrorists. Sen. Smith have been fighting this kind of menace, in word and deed, since the first day we came to national office.

When interrupted by young hecklers, Agnew departed from his text to comment on the pelting of President Nixon's auto with stones, bottles and eggs Thursday night in San Jose, Calif., Thursday night.

Separate the Misfits  
"When the President is subjected to rock and missile-throwing, it's time to sweep that kind of garbage out of our society. We must separate them in the same humane way that we separate other misfits. We must get them out of our hair, where they do not disrupt progress."

An overflow crowd estimated at 4000 to 5000 attended the Belleville talk. Several persons were removed from the exposition hall.

Agnew urged, "Go to the polls and vote for candidates who support law and order and oppose campus violence. They will get the message and they will go home or else their parents will take them home."

"They don't know enough to come out of the rain in a deluge. The Democrats who encouraged them now say, 'Don't drop them around our necks.' Some of the Democratic members of the Senate stood with clenched fists with these people before."

"Don't Belong on Campus"  
"They're about as intellectual as the Cro-Magnon man. All

they can do is shout their slogans. They don't belong on a campus. They belong some place where they can receive remedial instruction."

Resuming his attack on Stevenson, Agnew said he is a "politician who would rather switch than fight."

"When the crunch came, Mr. Stevenson publicly denied his own political faith and that of his illustrious father. He changed his views 180 degrees."

"He is from the neo-isolationist school, a group so deeply concerned about the military-industrial complex centered around the Pentagon in Virginia that they seem to have forgotten about the enormous military-industrial complex centered around Moscow in the Soviet Union."

### School Window Broken

B. E. Long, a custodian at Central junior high school, informed police at 7:30 p.m. Friday that vandals broke a window in the assistant principal's office by throwing an apple through the glass pane.

### Hit-Run Damage

An auto owned by Edith Nagel was damaged by a hit and run driver early yesterday while it was parked in front of her home at 2673 East 23rd street.

## Questions, Answers on Anti-Pollution Bond Vote Tuesday

(Illinois Citizens for Clean Water)  
What's the purpose of the Nov. 3 state bond issue vote?  
Eliminate the problem of municipal sewage pollution from Illinois lakes and streams over the next decade.

What will be covered by the bond issue?  
The state will pay 25% of the cost of municipal sewage treatment projects—over 500 of them already designated—including enlargements and improvements of existing plants.

In addition, up to \$100 million will be available for solid waste disposal projects such as sanitary landfills and incinerators.

How does this affect federal aid for sewage plants?  
The state program opens the door for increasing federal grants from 20% of project cost to 50%, or even 55% if the project is part of a regional plan by a recognized planning agency such as the Southwestern Illinois Planning Commission.

However, the state cannot guarantee that a specific application for a federal grant will be approved, for it must be reviewed by federal officials and is always subject to limitations in federal funds.

Can bond issue money be used for building sewers for acquiring land?  
No, except for interceptor sewers connecting the sewage system to the treatment works.

What assurance do we have that the money will be well spent?  
To receive a grant, a project must be planned by professional consulting engineers to meet the current and future needs of a particular community.

It must then be reviewed and approved by the state's Environmental Protection Agency, headed by Clarence W. Klassen, an internationally recognized authority on waste materials. A final check will come from the legislature, which must approve

all expenditures of the bond issue funds.  
How can we determine whether our community will receive aid?  
Money is already allocated for 488 projects, enlargements and improvements of existing plants, listed in "Municipal Waste Treatment Works Construction Needs," published in August 1970, available from the Environmental Protection Agency or the Illinois Citizens for Clean Water.

The bond issue plan also includes funds for several other projects, not yet specified, to serve eight drainage basins in the Metropolitan Sanitary District of Greater Chicago, as well as for new plants in less populous areas now lacking them.

In all, the bond issue is designed to provide state grants for sewage treatment projects costing \$2.2 billion in all 102 counties. The Pontoon Beach area is included.

How does this bond issue differ from the one that failed in 1968?  
First, the 1968 proposal actually received more yes votes than no. But one third of the voters ignored the question, and so it failed to gain the required majority of those voting for the legislature.

This year's bond issue is designed for greater voter acceptance: it's for \$750 million rather than the \$1 billion of 1968, and it's directed primarily at water pollution instead of having several purposes.

Also, this bond issue has no money for land acquisition, which drew some criticism in the 1968 proposal.

Since the outcome of the 1968 referendum is still being challenged in court, could a ruling on it affect this year's bond issue?  
If the Illinois Supreme Court rules that a referendum such as this requires only a majority of the votes cast on it, not a majority of votes for the legisla-

ture, it would make passage of the 1970 bond issue easier. But it would not validate the 1968 bond issue, for the act proposing it was revoked by the act proposing this year's bond issue.

Where will the money come from to pay off the bonds?  
From the state's general revenue. There will be no increased or new property taxes to pay off these bonds.

What happens if we don't approve the bond issue?  
Each community will still have to meet the standards established under the Federal Water Quality Act of 1965. The same sewage treatment projects will have to be carried out, and local property taxes will have to bear the brunt of the burden.

Why now?  
Because our water pollution problem is acute, because we must comply with the federal law, and because construction costs are rising 10% or more each year.

Any delay will vastly increase costs—the costs of living with water pollution, and the costs of cleaning up.

Why can't this be done by annual appropriations from the legislature?  
The problem requires long-range planning. Many projects are complex and cannot be built in a year. Since delay is costly, we must begin now, and commit ourselves to completing the job.

Legislators agree we cannot count on sufficient annual appropriations every year for a decade.

Why should the taxpayers foot the bill instead of industry?  
There are 1600 municipal sewage outlets discharging polluted effluent into Illinois waterways compared to 400 industrial outlets. So this is a responsibility of all citizens.

But at the same time, federal, state and local enforcement will require industry to clean up its discharge into the

waterways, and of course industry itself will pay that cost.  
Can our streams and lakes really be cleaned?  
Yes. But only with the massive effort envisioned in this bond issue.

## Three Face Conduct Charge After Fight

A fight at a tavern in the 2400 block of Washington avenue resulted in the arrest of three Granite Cityans at 11:35 p.m. Friday.

Booked on disorderly conduct charges were John L. Peliazari, 26, of 2557 Washington avenue; Ann Peliazari, 26, of the Washington avenue address who was released on payment of \$100 cash bail; and Leonard E. Baker, 33, of 2115 Washington avenue.

An ambulance was dispatched to the tavern and John Peliazari, 46, of 1912 Harris street, Madison, was taken to St. Elizabeth Hospital, where he complained of back pains, and underwent x-rays. He was released after treatment.

## Discharged from Army

## MHS Gains 726 Yards, Wins 74-14

By ROBERT MANOFF  
 MHS Football Writer

The Madison high school Trojans played one of their best offensive and defensive games of the season as they soundly defeated the Dupu Tigers 74-14 in a conference game at Madison Saturday afternoon. It was the high point total by MHS since a 74-0 win over Highland two years ago.

After falling behind in the opening minutes, MHS pulled ahead 20-8 at the quarter, 42-8 at the half and 50-8 at the end of three periods.

The powerful Madison offense, which gained 726 yards, was sparked primarily by the passing of Austin Lewis, 6-1, 190, ahead 20-8 at the quarter, 42-8 at the half and 50-8 at the end of three periods.

Seven of Madison's touchdowns were tallied by the two starting quarterbacks, Chandler scoring five TD's in a game for the second time this season and Campbell scoring four.

Other Trojans TD's were made by Glasper, Wayne Weiborn, 5-11, 190 senior end, and Dwayne Shaw, 5-11, 200 senior halfback, who played strictly defense for most of the game.

Remaining MHS points were on seven two-point conversions, two by Weiborn, two by Chandler and one each by Glasper, Lewis and Carl Turner, 5-4, 120-pound sophomore halfback.

Each team scored the first time it had the ball. The opening kickoff by Dupu was a perfectly executed on-side kick, the ball being recovered by Fisher on the Trojan 12. Wolf scored on a 35-yard run.

The Tiger kickoff was caught by Glasper and was run to the 22. After a six-yard gain by Campbell, Chandler ran around the end and rammed 72 yards. A conversion run failed, leaving the score 8-6 in favor of Dupu. After an exchange of punts, Chandler intercepted a hurried pass and ran it into the end zone.

A later fumble was recov-

ered by Lewis on the Madison 43 and once again the Dupu mistake led to a touchdown. After Campbell's run of four yards, Chandler ran for the sidelines, breaking several tackles, scampered 83 yards. The conversion pass from Lewis to Weiborn put MHS in front 20-8.

Shaw next intercepted a pass on the 33 and ran to the eight. One play later, Chandler carried the ball across.

A 33-yard kick was caught by Glasper on his 43 and run to the 32. A 20-yard run by Glasper and a pass interference penalty placed the ball on the six. Chandler then burst through the middle for his fifth TD and a 34-8 edge.

A short Tiger punt went to the Dupu 42 and Lewis passed to Simms, who caught the ball on his 37 and ran to the 18. Four running plays set the stage for a three-yard plunge by Campbell. A leaping grab of

a Lewis pass by Chandler for the conversion put MHS ahead 42-8.

Bert Thompson, 6-0, 210 senior, recovered a fumble but a drive was halted at the Dupu 17.

The Trojans later, starting on the Tiger 45, moved to the two on runs by Campbell, Chandler and Glasper. This set up Campbell's two-yard plunge.

A pass was intercepted by Chandler on his 24 and 83 plays later on the 27, Lewis passed to Glasper, who caught the ball on the 12 and ran in for the TD. A Lewis-to-Weiborn pass made the score 58-8, and the same duo next clicked for a 15-yard TD play.

Shaw intercepted a pass on Dupu's 45 and ran for a touchdown. A run by Lewis completed Madison's scoring.

An on-side kick by MHS gave Dupu the ball on the Trojan 44. McKiney at the 40 threw a TD pass to Wolf, who caught the ball on the 12 and ran it in.

## Warriors Trim Tiger Eleven 38-7

By TERRY TOTH  
 GCHS Football Writer

"Tame the Tigers!" was the rallying cry used for the annual GCHS Homecoming football game Friday night and that is exactly what the Warriors did, winning 38-7 over Edwardsville for a 6-1 season record and 4-1 Southeastern Conference mark.

The defense sparked. The offense fumbled five times but the Warriors were unable to score following any of the five.

Warrior workhorses were Mike Wilson, 135 yards in 21 carries and one TD, and Star Stajduhar, 110 yards and two touchdowns. Don Harris ran a TD. Gary Lively tallied one TD and a two-point safety added to the scoring.

On the first Warriors opportunity, running by Wilson, Kummer and Stajduhar brought the ball to the enemy four and Wilson scored. Joe Wallace kicked the extra point.

## Tigers Tie Score

An interception by Tiger Bob Ligon put his team on the GC 40. After runs by Dave South to the 25, Jeff Krumreich passed to Dave Schoenleber in the end zone. A kick by Krumreich tied

the score. The course was a relatively flat 2.75 miles.

GCHS, in the second period, began another march, only to be stopped on the "one inch line."

The Tigers punted and the Warriors quickly scored, Stajduhar running 40 yards, aided by a pitchout and some deceptive moves. A conversion pass from Wallace to Wilson made the score 15-7.

The second half brought all five Warrior fumbles. The only

third-quarter scoring was on a high snap from the Tiger center, the ball traveling 25 yards into the end zone.

GCHS dominated the fourth quarter, 21-0.

A punt was returned to the GCHS 43, and runs by Wilson and a pass to Stajduhar reached the enemy 15. Harris later scored from six yards out on a keeper, Wallace booting the point after touchdown.

Granite City covered a Tiger fumble only eight yards from paydirt and a four-yard pass play from Harris to Stajduhar added six points, followed by another Wallace kick and a 31-7 score.

## Long Run Aids Drive

After holding the Tigers, GCHS began its final drive on its 41. A long run by Kummer reached the enemy 22 and runs by Ned Tapp and Lively brought

Harris was 2-for-6 in the air and Krumreich 8-for-12. GCHS led in first downs, 14-6.

GCHS, hoping to be a bit more glue-fingered, will visit Quincy at 8 p.m. Friday.

## Warrior Harriers Gain Berth in State Tourney

Granite City high school's harriers gained a state berth by edging Edwardsville in a battle for third place, 85-87, at the sectional meet Saturday at Lincoln Park, Springfield.

The course was a relatively flat 2.75 miles. Granite finished first with 51, Jacksonville 2nd with 82 and Beloit 3rd with 85. The three top teams will now travel

to Detroit Park, Peoria, for the state meet at 11 a.m. Saturday. Twenty-six teams will compete.

Harriers Gene Briggs finished 6th in the sectional 14:31; Rod and Bryant 7th, 14:36; Doug Horton 18th, 15:06; Geoff Lux 22nd, 15:14; Art Menendez 32nd, 15:45; Scott Schneider 35th, 15:46; and Tom Bull, 44th, 16:15.

## MORE ABOUT 60,000 Aided

almost fictional until "you've been there."

On a morning this fall, at 6:15, nine crew members and I wended our way through the darkness to the mission management building on the edge of the flying field at Scott AFB, where Capt. William A. Wood, pilot and commanding officer of the flight, briefed us on the plan for our aeromedical journey for that day.

While the captain and copilot Maj. LeRoy A. Kinzel checked out the plane which blinked at us from the darkened field, the flight nurses went to the hospital to get background

on patients leaving from Scott.

### Overseas Duty

Capt. Peggy L. Smith, who has served a tour of duty overseas and applied for another, was medical crew director, assisted by Maj. Vivian C. Pohlman.

Both the copilot and the second nurse are members of the Reserve Associate Program, and are trained to fly actual missions alongside active duty personnel.

At 7:40 a.m. our plane headed for Minneapolis to pick up patients from the Veterans Administration Hospital there.

Space was set up to allow for 28 seated passengers and 12 litter patients.

It was on our seventh stop, at Selfridge AFB, that we reached the day's maximum load, which included nine litter patients.

Sitting next to me at this point was a young private, one year out of college, with one year of service, who was being transferred to the psychiatric hospital at Valley Forge, Pa. He, with another patient who had "become hooked on drugs," he said, would spend the night at the hospital at Scott before embarking on another hospital ship scheduled to go east the next day.

**Share Fishing Memories**

Aware that a guest of the Air Force could stir up unwanted excitement, I began to talk about fishing and had no problems in a conversation which took us hundreds of miles away from the service.

Coincidentally, he and I had, within the year, flown into Canada to fish in the same lake.

Although this young man frankly admitted he was going to "what they tell me is a large hospital where I'll get help," he preferred to discuss his plans to enter the university for training in conservation when his enlistment was up.

"I'm a business administration major," he said, "and perhaps I can even combine the two."

What came out strongly in our talk about conservation was that there was a man who "could not shoot a deer or a rabbit," but "wants to do my share in service."

It doesn't take an expert to figure out at least one part of

the ambivalence that made this young man "excitable."

### Plastic Surgery

Another ambulatory soldier was headed for plastic surgery on his forehead.

A four-year-old son of a veteran was being flown back to daddy after emergency care.

And a three-month-old baby, who traveled in a collapsible Air Force bassinet, was going, with her mother, for correction of a congenital defect.

For some of these patients care was not difficult, but the two nurses and the medical technicians were busy most of the time.

Two patients with heart problems had to be watched carefully.

Blood pressure was checked. A veteran with circulation problems had to keep his feet up.

A possibly violent patient had to be kept comfortable in his straps.

A psychiatric patient had to be moved from his chosen seat in front of an exit door and a serviceman with a excruciating back problem had to be helped to light a cigarette.

Patients loads shifted with

# Progress Plans Mapped at Chamber Dinner, 'Congress' to Be Jan. 16

A warning of continuing Communist forces of world conquest was voiced at the annual Tri-Cities Chamber of Commerce dinner Thursday night at St. Louis, and plans were disclosed for a Jan. 16 "congress of community progress."

From Scott was Dr. Nicholas Nyaradi, consultant to the U.S. Department of State. A Bradley University official, he is a former Hungarian minister of finance.

Gene H. Sternberg, who has accepted the chairmanship of the "community congress," outlined plans for the session,

each stop on the seven-state circle route.

From Scott we crossed Iowa to Minneapolis.

A quick, engine-running pickup at Stevens Point for one patient from Marshall Hospital and we were on our way to K. I. Sawyer AFB in Michigan Upper Peninsula.

We crossed the peninsula to Kincheloe AFB and then down eastern Michigan to Wurtsmith AFB and on to Muskegon County Airport for a patient from Mercy Hospital on the western Michigan shore.

Across the state again we arrived at Selfridge AFB for patients from St. Joseph Hospital at Flint and the VA Hospital at Allen Park.

Then on to Wright-Patterson AFB in Ohio, across Indiana and up to Glenview (Great Lakes) and then south across Illinois to the home base at Scott.

## Use Special Ramp

At one stop the ramp was let down and the patient, who had been evidently improved somewhat since the aeromed call for transfer, walked up the steps.

At another stop, the steps were let down and the ambulatory patient who had almost fainted in the airport, had to be brought up the ramp on a litter.

But the plane's medical crew is always prepared for changes in plans — from ramps to steps to rescheduling in mid-air.

The measuring thought is that our servicemen, enroute to the finest medical facilities in the world, are as well cared for in the air as they would be if they never left their hospital beds.

which will involve labor, youth, government, business and the professions in planning and implementing steps to improve community life and progress. Steering groups will be formed in November.

It was emphasized that while the Quad-Cities have obstacles as well as assets, Rockford and other areas have met with success through an approach of "let's try it anyway and see what happens."

**Government, Litter, Air**

By involving all segments of the public in pinpointing problems and then focusing all efforts on feasible solutions, the community congress will be able to deal with such matters as quality of government, quality of air, labor-management relations, litter, vandalism, attractive residential areas and bigotry.

Overall theme will be "You, united for action," the chairman noted, adding that "success can be reached at the end of Effort Avenue."

Dr. Nyaradi said Russia is seeking to expand its nuclear armament to achieve "first strike capability" — eliminating the U.S. atomic and hydrogen bombs before America could retaliate.

He said efforts to erode U.S. morale internally will include a concerted Communist drive to spread "hate industry" thinking, including assaults on the concept of private enterprise.

The speaker said Russia already has weapons which could take 120 million lives in the U.S. Uncontrolled inflation weakens America's stability and the

funding of needed defense forces, he noted.

He counseled against a permissive attitude toward would-be revolutionaries, but opposed regimentation of children through issuance of a government number to each.

## Freemling Installed

Albert H. Freemling, president of the Madison County Federal Savings & Loan Association, who was re-elected as Chamber of Commerce president, reviewed 1969-70 programs, including the Women's Division, Youth Committee and Chamber accreditation activities.

He said 325 people devoted 6376 manhours to committee tasks aiding this community.

Freemling noted that 1970-71 will include the observance in Granite City of the 75th anniversary of the city and 50th anniversary of the park district.

Others installed as officers by C. E. Blankenship, a past president, were Donald G. Adams and Paul J. Kemp, vice-presidents, and Dr. Albert W. Trtani, treasurer.

Directors and past presidents were introduced by Leo H. Konzen, toastmaster. Prayers were offered by Rev. J. Louis Detting, pastor of Hope Lutheran Church.

Women's Division officers introduced were Mrs. Jo Meyer, president, and Miss Hilda Schroeder, Miss Dorothy Davis and Mrs. C. E. Blankenship.

Dr. Patricia Koch, president for the first year of the Division, was honored and a flowering dogwood tree is being planted at St. Elizabeth Hospital this week in her honor.

## Seven Injured In 21 Quad-City Area Accidents

Three persons were injured in an accident on Nameoki road and a motorist was hurt in a McKinley bridge accident during the weekend. Seven persons were injured in 21 area traffic mishaps.

Two station wagons collided on Nameoki road near the Kirkpatrick Homes at 2:47 p.m. Friday, resulting in injuries to three persons and minor damage to a fence at the housing project.

Police said a vehicle operated by Helio Brantley, 40, of 2619 North street, traveling south on Nameoki road, collided with a station wagon driven by Joseph Lewis, 65, of 2332 Lincoln avenue.

Lewis was taken to St. Elizabeth Hospital, where he complained of a twisted right arm and shoulder, had x-rays taken and was released. Two passengers in the same vehicle, also treated and released, were Betty Lewis, 17, of the Lincoln avenue address, who had contusions of the left ankle, and Mrs. Christine Cox, 33, of 2332a Lincoln avenue, who complained of chest pain. Both underwent x-rays before being released.

Martin T. Jacobs, 31, of St. Louis, was injured when his auto struck a divider at the east end of the McKinley bridge at 9:45 p.m. Sunday.

He was treated at St. Elizabeth Hospital for a bleeding nose, abrasions to the left knee and a small cut on the lip and was transferred to Deaconess Hospital, St. Louis, following x-rays of the skull, chest, abdomen, thigh and knee.

William Daniel, 22, St. Louis, and Calvin Balden, 22, St. Louis, were taken by ambulance to St. Elizabeth Hospital for treatment of injuries suffered in an accident at 6:30 a.m. yesterday. Daniel was reported thrown out of the car and was treated for pains in the neck and chest, abrasions to both hands and left knee, multiple lacerations. He underwent x-rays and was transferred to the Veterans Hospital in St. Louis. Balden declined treatment.

Bill J. Jamison, 23, of 911r Lee street, Madison, was admitted to St. Elizabeth Hospital Friday following a two-car collision at 13th street and Madison avenue at 6 p.m. Jamison was treated for head pains, abrasions to the left knee and back and abrasions and contusions to both knees.

Madison police said a car

driven by Jamison and one driven by Kathleen Cartman, 1515 Twelfth street, collided as the Cartman car was turning left off 13th street into Madison avenue.

Mr. and Mrs. Wayman Baldwin, 2229 Miracle avenue, were injured Friday night in a three-car collision near Jonesburg, Mo. Their auto was struck from the rear by a car traveling at high speed.

An auto was passing the Baldwin car when the third car passed between them, flipping one car and crashing into the Baldwin vehicle.

Mrs. Baldwin received serious back injuries and is undergoing medical treatment at Jonesburg. Baldwin suffered minor injuries and was shaken up. He returned home Sunday with a son-in-law and daughter, Mr. and Mrs. David Crider, 112 Kinder lane, Mitchell.

### GC Sergeant Awarded Three Valor Medals

Sgt. First Class Jerry Strannigan, 2206 Iowa street, Granite City, now assigned to the St. Louis Army Recruiting Office, has been awarded three medals for valor for service in Vietnam.

He was awarded the Bronze Star Medal, the Air Medal and the Army Commendation Medal in ceremonies at the recruiting station in the Mart Building in St. Louis.

The awards were made by Col. Alvan C. Hadley Jr., commander of the Army's Fifth Recruiting District, Chicago. The soldier's wife, Mrs. Glena Strannigan, was guest of honor at the ceremony. Mrs. Strannigan is the former Glena Knezevich, daughter of Mr. and Mrs. Mike Knezevich, 2444 State street.

Sgt. Strannigan, a veteran of 14 years Army service, served with the 24th Aviation Battalion in Vietnam. Other tours of duty have taken him to Hawaii, Panama, and once before to St. Louis where he served as field representative for the Army Security Agency before going to Vietnam. He is a native of Lees Summit, Mo.

### Reading Conference at SIU-SW Set Nov. 14

The sixth annual reading conference for Illinois educators will be held at Southern Illinois University Saturday, Nov. 14 in the University Center on the Southwestern campus.

The keynote for the conference, sponsored by the reading faculty of the Education Department at SIU, will be Newell Kephart, director of the Glen-Haven Achievement Center, Fort Collins, Colo. His topic is "Perception Problems and Reading."

The group sessions will follow the address, with consultants discussing reading problems encountered by educators and administrators in the parochial, private, and public schools.

Co-chairmen for the conference are professor David E. Bear, director of the reading center and Ruth W. Richardson, associate professor, both on the elementary education faculty at SIU.

### Suburban Baptist Starts Scout Troop

Suburban Baptist Church, 2500 St. Clair avenue, has organized Boy Scout Troop 102, which will hold its first meeting Nov. 10 at 7 p.m. in the church.

Jim Reiter is scoutmaster, Art Lavelle, assistant scoutmaster. Members of the church are serving on the adult committee are J. W. Wyatt, institutional representative; George J. Summers, chairman; Frank Owens, advancement; Gene Nussbaum, outdoor activities; Ben Ward, equipment and facilities; and Jim Vance, membership.

The new troop will meet regularly every Tuesday at the church.

Membership is open to all boys in the area who are at least 11 years of age.

SIU AIR FORCE CADETS are presented solo pilot wings. Capt. Ed Blahous, left, used a model plane to demonstrate a point to Air Force cadets, Cadet Col. Thomas Schlich, center, and Cadet Capt. Gary Roehrig, following a ceremony in which the two were presented their solo pilot wings after they had successfully soloed in a Cessna One-Fifty light aircraft. Both are in the AFROTC program at Southwestern campus. Schlich lives in Glen Carbon and Roehrig in Lebanon. Capt. Blahous is Commandant of Cadets at SIU.

### Eight Added to SIU-SW Science, Technology Staff

Eight new faculty members have been added to the Science and Technology Division at Southern Illinois University-Southwestern.

The biology faculty has three additions, and the mathematics faculty the faculty of engineering added two new members.

The three new faculty in the biology department are assistant professors Raymond F. Altevogt, who earned the Ph.D. at Washington University and worked at the Missouri Botanical Garden in St. Louis prior to his SIU appointment.

Puliyampetta S. Nair received the B.S. and M.S. degrees in India and the Ph.D. from Washington University in 1966. He is a former research associate at the University of Texas.

Helen Smith was director of ophthalmology at Washington University and earned the Ph.D. from the University of Melbourne in Australia. She earned the Ph.D. from the University of Texas in 1966. He is a former research associate at the University of Texas.

On Engineering Faculty  
New engineering members include Associate Professor Harry Duffey, who holds the doctor of science degree from Washington University, where he was the city of Granite City and M. Wilson & Co. in Madison county circuit court as the result of a fall on a sidewalk last March 28 on 36th street between State street and Edison avenue.

The complaint alleges that her heel caught on an elevated section of the walk, causing her to lurch and pitch forward into the rear of a parked auto, causing serious and permanent injuries. The complaint said the Wilson firm had worked on sewers beneath 26th street and caused a section of the walk to be installed incorrectly. Negligence was charged.

### Griffith Opposes Judge Monroe in Retention Vote

State's Attorney R. W. Griffith, in a pre-election statement issued today, said, "I feel compelled to respectfully urge the voters of this county to vote 'no' on the retention of Judge James O. Monroe Jr. in this election.

"This is done with much regret and reluctance. I appreciate our court and jury system of justice, and as a citizen, sincerely want to respect and admire the men in it. As a lawyer, I am hesitant and reluctant to attack a judge who may have a lifetime job.

However, if I am to fully represent the public, including both parties, I am compelled to take this position. Achieving better government and law enforcement is the primary duty of this office. The voters could not make a better move in promoting these objectives than to remove James O. Monroe Jr., who lacks judicial temperament, from his office. It is my obligation to say so.

There is a bi-partisan move in this county to accomplish the above. I give it my fullest support.

Griffith stated he concurred and voted with the Alton, East Alton and Wood River Bar Association in opposing the retention of James O. Monroe Jr., for circuit judge."

### \$250,000 Suit Filed For Railroad Worker

A suit for \$250,000 has been filed for Antonio Aiello against the Terminal Railroad Association in Madison county circuit court at Edwardsville.

The complaint alleges that Aiello, employed as a switchman in the Madison yards last June 10, tried to pull a pin to unlock a car being switched, but it failed to operate and he was injured about the face, head and body.

## Madison County Public Aid In August Sets New Record

Public aid allocations in Madison county during August hit an all-time high of \$939,906 distributed to a total of 12,115 clients participating in all five major categories of public aid, according to a report by Harold O. Swank, director of the Illinois Department of Public Aid.

The total distributed was an increase of \$17,996 over the \$921,910 allocated in the previous month of July, but was a jump of \$186,554 over the \$735,352 distributed during August, 1969, the report shows.

Bulk of the increase in public aid funds and the number of additional recipients is due to the cost for aid to dependent children which totaled \$556,889 during August this year, compared to \$375,833 for the same purpose during August a year ago.

Aid to dependent children funds were distributed to 3093 clients in August this year, while there were 5691 patrons on the rolls during August, 1969.

This year's August total of \$939,906 was allocated to a total of 12,115 clients in all categories of public aid, compared with distribution of \$753,352 to a total of 9693 clients in the same month of 1969.

Old age assistance allotments in August this year amounted to \$155,767 to 1345 patrons, compared with distribution of \$142,862 to 1364 clients in August, 1969.

August payments to 1282 Madison county recipients of disability assistance amounted to \$176,776, compared with distribution of \$190,710 to 1068 disability pensioners in the same month of 1969.

General assistance payments during August totaled \$46,670 for 1370 patrons. In August, 1969, a total of \$39,638 was allotted to 1443 patrons.

Blind assistance payments of \$3804 was paid 33 pensioners in August this year, compared with \$3309 paid 37 patrons.

### Halloween Incident

Mrs. Connie Grupur, 1302 Washington avenue, reported to Madison police that she took her daughter Angela, 6, halloween Saturday evening and when they returned home they found someone had made popcorn balls with gravel inside.

## 300 Youngsters Attend Kirkpatrick Party

Three hundred youngsters were entertained at a Halloween party in the Kirkpatrick Homes recreation hall as part of area-wide Halloween observances last week and during the weekend.

The young ghosts and goblins competed in costume contests in four age categories and treats were distributed after the judging. Cartoon films were shown during the party.

Costume prizes were awarded to Wanda Kite and Tracy Brooks in the age 4 to 5 class; to Charles Rigby and Sandy Jones in the age 6 to 7 bracket; Lisa Turner and Perry Jones, age 8 to 9 category, and to Edwin Illies and Richard Carpenter in the 10 to 11 class.

Judges were C. "Bud" MacMillan, director of Co-ordinated Youth Services; William Harris, juvenile officer of the police department; Mrs. Dorothy MacMillan, and members of the Police Associated Youths Explorer Post, Mark Mizerski, Mike Hogan, Robert Kozewich, Mike Hauptman and David Whitecotton.

## Ottwein to Seek Merit Base for Scholarships

State Senator Merrill Ottwein (R), Edwardsville, said Saturday that he plans to introduce in the 77th General Assembly legislation requiring that all state scholarships carrying a monetary value of more than \$100 be awarded strictly on the basis of merit and need as determined by strict criteria.

His bill would turn the task of selecting recipients of all state scholarships over to the State Scholarship Commission.

In reporting a need for the proposed legislation, Ottwein said he was appalled to learn of abuses in granting various

scholarships to some of the state universities.

Currently, in Illinois, a variety of discretionary and special scholarships exists. For instance, two "General Assembly" scholarships are available to each legislator annually to be awarded at his discretion, one to the University of Illinois and one to any other state university. Each pays four years' tuition and some fees.

## Fractured Follies Revue To Feature Local Talent

"Fractured Follies," a musical extravaganza that switches the audience from New York City to the Caribbean and sets a fast pace through scenes in a harem to the wild west and on into deep space may be viewed by Quad-Cityans this weekend at Granite City high school.

Sponsored by St. Elizabeth Hospital Auxiliary, the production will be featured at 8:15 p.m. Friday and Saturday in the auditorium of the local high school.

Tickets, priced at \$2.50 for adults and \$1 for students, may be obtained at the hospital from members of the auxiliary and cast.

Spotlighting the talents of more than 60 local residents, the "Fractured Follies" revue focuses around many popular melodies of recent years — "Raindrops Keep Falling on My Head"; "By the Time I Get to Phoenix"; "Black Magic"; "Night Train" and "New York," among others.

Several key performers of the East Bank Players, the Quad-Cities' theatrical company, whose productions of "Guys and Dolls" and "Gypsy" won praise from viewers, are featured prominently in the cast, along with volunteers and staff members from St. Elizabeth Hospital.

In Full Rehearsal  
Twice-daily practice sessions will continue for the cast

through Thursday when a full-scale dress rehearsal will take place at Granite City high school auditorium, according to Chris Carter of the Jerome H. Cargill Production Co., New York, who is directing and choreographing the show.

A capacity crowd is expected to view "Fractured Follies" again this year, show officials reported today. In its initial presentation last October, the auxiliary-sponsored revue was rated the most successful fund-raising project devised by the women's group which helps support various large projects connected with St. Elizabeth Hospital.

The auxiliary operates the hospital coffee shop and has pledged to raise \$150,000 for the St. Elizabeth Hospital building fund and other \$5,000 to \$8,000 for the new coffee and gift shop facility.

## Post Corp. Quarterly Earnings 14% Higher

Post Corp. on Friday reported third quarter earnings 14% ahead of the same quarter a year ago, or about the same improvement that was shown in the second quarter. Nine-month earnings were 6% ahead of last year, or 69 cents a share compared with 65 cents a year ago.

Third-quarter earnings were \$17,300, or 18 cents a share, compared with \$120,331, or 16 cents a share, last year. Nine-month earnings were \$516,439, compared with \$485,342. The firm owns the Press-Record.

Revenues for the third quarter were \$3,040,154 compared with \$2,656,067 for the same period last year. Revenues for the nine months were \$8,905,200 compared with \$7,890,733 last year.

President V. I. Minahan said an improvement in the company's sales experienced in the second quarter continued at about the same pace in the third quarter. Early reports on fourth quarter business indicates that the improvement should continue, perhaps at a slightly stronger pace, he added.

A small percentage change up or down in fourth quarter earnings could have a substantial effect on results for the year, Minahan cautioned. The fourth quarter typically contributes more than 40% of the company's earnings for the year.

The situation, he explained, is created by the sales volume experienced within the broad-

### Building Work For October At \$2.1 Million

A permit for the new Schaefer tract elementary school at Alton and St. Louis roads sent new construction values zooming to \$2,106,465 during the month of October.

The cost of the school was listed on the permit at \$1,464,320, and was one of 57 issued for the month. Another was obtained last week by Standard Oil Co. to erect a new service station at 2200 Pontoon road at a cost of \$33,000.

Contributing factors to the sudden strength in the construction industry here were permits for 23 homes at a cost of \$319,000 and a permit to the East St. Louis & Interurban Water Co. to construct a \$232,500 reservoir later this year.

The month was the highest since 1968 when St. Elizabeth Hospital obtained a permit for its new wing and remodeling work at a cost of \$7,619,024. New construction in September totaled \$206,127, shown in 48 permits, while 32 permits in October of last year showed values of \$252,300.

**23 Homes Included**  
The totals for the month included 23 homes, \$319,000; four additions, \$779; seven garages and carports, \$8495; 13 for remodeling and repairs, \$12,000; six for commercial-industrial purposes, \$282,500; two trailers, \$8900; and two miscellaneous, \$1,464,520. In addition, two permits were issued to raze structures.

Other permits were issued during the last week of the month to Frank Fisher, 4138 Melrose avenue, a trailer, \$3900; Mobil Oil Co., install two gasoline tanks at 1103 Niedringhaus avenue, \$3000; Wilson Park Estates, three new homes

The boys then held a treasure hunt in the yard which ended at a fire for a winner roast and "spooky" stories.

Those present were Jimmy Hemphill, Robbie Fyalka, Phil Beljanski, Greg Mulach, John Kefauver, Glen Hagerly, Mike Tankis, Mike Robertson, Steve Barry and Kelly Watson, Brent Hudson, David and Paul Woll, Scott and Kevin Sawyer, George and Tim Grove, the honoree and his brother Chris.

Assisting Mrs. Hintersper were Mrs. Carol Grove and Mrs. Nancy Sabo.

### MORE ABOUT Drug Education

troopers from his department "definitely will enroll. Anytime education is available for Madison officers we are interested and will take the course by training programs," the chief stated.

Chief Veizer said the Quad-City Ministerial Association will be invited to send representatives, with local educators assigned to take the course by area superintendents of schools. Coordinated Youth Services, a United Fund agency which was the first area service group to work closely with youthful drug addicts and law enforcement officials, combined with the narcotics problem, is to select a number of juveniles to receive the training, Veizer said.

### Combined Classes

All trainees will attend class together, not in separate groups, the police official said. He noted that combining students-police-ministers into a single instruction unit also will present an opportunity to increase communication between various age levels and community representatives.

"These selected groups of trainees will be sent into homes, schools, churches, Parent-Teacher Association groups, social clubs, labor unions and fraternal organizations to discuss, educate and work toward the development of a working program to combat drug abuse in our area," Veizer added.

"In this manner, the line of communication will be expanded to all segments of our society," he emphasized.

Divided into seven sessions, the "Drug Education Training" program will focus on the following topics: Veizer said.

"First session—"Recognizing Dangerous Drugs and Narcotics"; and "The Acquisition of Dangerous and Narcotics."

Second session—"The Effects of Drugs and Narcotics" and "Recognizing the Drug User at Early Stages."

Third session—"The Community and the Problem."

Fourth session—"Rehabilitation for the User"; "The Policeman's Role"; "Is Everyone Arrested?"; and "The Communities Responsibility."

Fifth session—"Recognition and Apprehension of the Pusher."

Sixth session—"Laws Relating to Dangerous Drugs and Narcotics" and Penalties and their Effects."

Seventh session—"Obtaining Evidence for Court Presentation" and "The Identification and Preservation of Evidence."

The course will span a seven-week period with sessions lasting two hours. At the present time, plans call for each session to be repeated on an afternoon and evening schedule to permit police officers on shift work to attend all classes, Veizer said.

Instruction will be provided by authorities from various resource fields—all experts in their specific area of training, the police chief pointed out. The names of instructors, and a starting date for the course are not yet released until coordinating work is completed, he added.

road, was visited by the canvassers. "Trick-or-treaters." A total of \$65 was collected for the fund. Approximately 65 children participated in addition to the adults present.

Following the collection, a Halloween party was held in the fellowship hall at the church. Members of the Active Youth Organization, made up of youth in confirmation classes, had decorated the hall with orange and black streamers and other seasonal items. Lisa Gendron was chairman of the group.

Refreshments prepared by Mrs. Faye Dyer, Leo Burris and Rev. and Mrs. Orton were served from a table holding arrangements of p-u-p-k-i-n-s, gourds and Indian harvest corn. Popcorn balls, cookies and apple cider were served, and games of "twister" were enjoyed.

Other adult members of the church assisting with the evening's events were Mesdames Florence Bellinger, Rachel Larsen, Mary Metzger, Mary Ellen

## State to Extend Computer Crime-Fighting Services

Herbert D. Brown, Illinois Department of Law Enforcement Director, has revealed plans at Springfield to extend computer-based, crime-fighting services to local police and sheriff's deputies throughout the state.

"We have doubled our computer power," Brown said, "to insure optimum round-the-clock, seven-day-a-week information to any police officer anywhere in Illinois."

"Our second IBM system here will provide backup for Leads (Law Enforcement Agencies Data System) and will handle routine administrative work for the department."

Using Leads, policemen learn in seconds the latest FBI, state police, and county-city police information about:

Vehicles that have been reported stolen, stolen serialized parts and equipment, stolen boats, guns or license plates, vehicles identified as getaway cars in serious crime cases, wanted and missing persons, and stolen stocks, bonds or other securities.

"Leads has been used successfully for 16 months," Brown said. "We now serve directly more than 200 jurisdictions in the state."

**Cities Advantages**  
He said the two major advantages Leads offers are safety and efficiency.

"An officer patrolling alone at night in a remote section of the state literally has an IBM computer's electronic files at his fingertips," Brown said.

"He can radio license num-

bers of vehicles under surveillance to his dispatcher. The dispatcher keys that information into the computer via a teletype-like device and in a matter of seconds, it determines whether the vehicle has been stolen or used in a serious crime."

"Advance information means the officer won't detain innocent persons but will be prepared to deal effectively with criminals."

He said more than 500 positive responses and more than 3,500 information updates occur each month.

"In one case," he said, "a car stolen in Great Lakes was recovered by Wisconsin authorities nine minutes after the theft was recorded."

"In another, construction equipment stolen in Pontiac was recovered in California a few days later—about as long as it took the thief to transport it there."

**Future Capabilities**  
He said controlled, limited access to other information files in the future should add to a local police officer's effectiveness using Leads.

"Criminal histories, drivers licenses, and arrest and conviction records could be used to advantage," Brown said.

"For example, knowing in advance a suspect is known to be armed and dangerous, has suicidal tendencies, or is a drug addict would help an officer determine how he should approach the suspect."

"And, of course, knowing a suspect in one case is wanted by another would prevent setting free a dangerous individual."

Noting criminals know no geographic limit, Brown said Illinois also may pool Leads with information systems in neighboring states.

Leads files are stored in large scale electronic files available to either of two IBM System/360 Model 50s. Originally developed for use on a smaller Model 40 first used in May, 1969, Leads grew into the first Model 50 in June.

## Art Appreciation Talk To Madison Students

Miss Linda Dittmeier, graduate assistant in the Fine Arts Department, SIU-SW, will present a lecture, "Introduction to the Various Media in Art," to the 9th, 10th, 11th and 12th grades humanities classes of Madison high school Thursday at 11:30 a.m.

Miss Dittmeier is in charge of the slide library at SIU-SW's art department. She has taught art at the elementary, secondary and college levels.

Her lecture is a part of the art appreciation aspect of a humanities program established in Madison for grades 4-12. Mrs. Marguerite Comole is director of the program. Herbert Baker is the state director, with offices in Springfield.

Parents of students in the MIS humanities program are welcome to attend Thursday.

# Illinois Baptist Meet Is Tuesday

The Illinois Baptist State Association will meet this year at the Eastview Baptist Church in Rockford on Tuesday.

The Pastors Conference will begin at 9:30 a.m. and continue throughout the day. Several local Baptist pastors will attend the meeting at which Rev. W. J. Richardson, superintendent of Missions for the Madison County Baptist Association is scheduled to speak. His talk on "The Pastor and Family" will be at 10:30 a.m.

Rev. Richardson has four sons, each one actively engaged in Christian service. His eldest son, Dr. William D. Richardson and his family spent seven years in Ghana, West Africa in medical missionary work under the Southern Baptist Foreign Missions Board. Rev. David T. Richardson, the second son, is associate pastor at Third Baptist Church here; Rev. James J. Richardson, third son, is music and educational director at Dayton Avenue Baptist Church in Peoria; and Frederick C. Richardson, the fourth son, is serving the Cedar Bay Baptist Church in Jacksonville, Fla., as Sunday School superintendent.

The father has been serving the MCBA for the past ten years. He and Mrs. Richardson live in the Associational parsonage on the Baptist Recreation Grounds in Mitchell.

Dr. William D. Richardson will appear on the state program to present the Foreign Mission work of the Southern Baptists at Nalerigu, Ghana, West Africa; Rev. David T. Richardson will present a violin solo for the afternoon 3:40 service. Rev. David T. Richardson will also attend the services, the theme of which will be "The Pastor and His Relationships".

# Stevenson And Smith

It is no exaggeration to say that the senatorial contest in Illinois between Senator Ralph Smith and State Treasurer Adlai Stevenson III is a crucial one, not only for the state but for the nation.

It is crucial for the state because the outcome will determine what kind of voice Illinois speaks in Washington. It is crucial for the nation because if the revolving type of smear campaign being conducted by the Republicans on behalf of Senator Smith succeeds here, it bids fair to set the pattern of the politics of the '70s nationwide.

Adlai Stevenson III bears a famous name, but he is not running on it. He has established himself in his own right as a high-principled thoughtful, conscientious, moderately liberal, independent and courageous public official. Having compiled a distinguished record in the legislature, he was elected State Treasurer four years ago and has turned that ordinarily minor post into a model of conspicuous efficiency and economy. He has halted political favoritism in the deposit of state funds and in the process brought the state more interest than ever before; he has even, in the midst of inflation, cut his budget every year.

But his quality was best shown two years ago, when many Democrats were calling for him as a nominee for senator or governor. Opposing the Vietnam war when Democrats were running it as much as he opposes it now, he said so and refused to recant, and so Mayor Daley refused to slate him for either office. This year, Mr. Stevenson was so clearly the party's choice that Mayor Daley, who respects power, could not deny him the nomination.

On personal character and on their public record, Mr. Stevenson is easily the superior candidate. Senator Smith came to his present eminence, which is obviously far above his talents, by reason of a long career as a broker of legislative influence. He had collected so many political IOUs that when Senator Dirksen died, Gov. Ogilvie could not escape appointing him to fill the vacancy, even though important sections of the Republican party wanted a more presentable figure.

Reprinted with permission.

He has thoroughly justified his party's misgivings. He once showed what seemed a spark of independence by briefly opposing the Supreme Court nomination of Judge Haynsworth, but quickly caved in to White House pressure, reversed himself, and has been a faithful lackey ever since. Here is a man of so little principle and understanding that he does not even bother to justify the positions he adopts, except by a public calculation of their political results.

Since there is so little to be said in favor of Senator Smith, his campaign has naturally become exclusively a campaign against Mr. Stevenson. Voters might accept such tactics within limits. But the Smith campaign goes far beyond the bounds of common decency when it degenerates into a TV blitz designed by distortion and outright mendacity to associate his opponent with campus radicals and hippies, with crime and criminals. The vicious TV commercials, rivaling the worst of Richard Nixon's early campaigns for irresponsible smear have set off a wave of revulsion among decent Illinois voters.

Hundreds of thousands of dollars and the unstinted power of the Nixon Administration are being poured into this disgraceful effort to divert attention from the real issues—the war, inflation, unemployment, a stumbling foreign policy of containment—which Mr. Stevenson is talking sense about. Voters who look at Mr. Stevenson's record and listen to what he has to say know that he is for law enforcement as much as anybody, that the radicals Senator Smith tries to hang around his neck regard him as a hopeless establishment square.

But of course the TV blitz is not based on reason or rational persuasion at all. It is a scandalous attempt to brainwash the voters, to sell one candidate by maliciously misrepresenting another, to win votes by subliminal character assassination. If it works, we can confidently expect all Administration opponents to be assaulted with the same unscrupulous methods from now on.

Mr. Stevenson deserves election on his unmistakable merits. And the kind of campaign that has been waged against him deserves a smashing repudiation at the polls.

**NAMEOKI PTA**  
**HONORS TEACHERS**

Nameoki PTA hosted the annual Teachers' Appreciation dinner Wednesday afternoon at the school cafeteria. Decorations for the event followed the national PTA theme for the year, "Shaping Schools for the 70's".

The head table was centered with a large straw hat filled with gold mums, colored wheat, fall leaves and greenery. Lighted tapers in silver candelabra were placed at either end of the table which was covered with a white cloth.

"Individual round tables held bud vases of greenery and varicolored mums. Placemats proclaimed the ten golden rules for good schools with the "rules" repeated on other appointments. Mint cups, decorated place cards and program booklets completed the table decor.

Guests were welcomed by PTA president Mrs. Katie Wilson, who introduced those seated at the head table: A. L. Metcalf, president of the Granite City school board; Rev. William D. Foster, pastor of Nameoki United Methodist Church; School Supt. B. J. Davis; and Donald Kopf, Nameoki principal.

Rev. Foster gave the invocation. Musical selections were provided by a soloist, Mrs. June Nightwine Branding, at the piano by Mrs. Kathy French. Selections included "Sound of Music," "People," "Promises, Promises" and "Close to You."

Brief talks were given by Metcalf and Davis. Rev. Foster delivered the main address, speaking to the teachers and offering "special thanks for making your job more than just a job."

Mrs. Wilson expressed appreciation to Mrs. Angie Kefalas and Mrs. Betty Tester, co-chairman for the room mothers, who were in charge.

Mrs. Ruth Desford was awarded a centerpiece as a special prize. Photographs were taken of the afternoon's activities by PTA publicity chairman, Mrs. Marian Sipole, to be placed in the unit scrapbook.

While teachers attended the dinner, the pupils were supervised by room mothers.

**BUNCO CLUB MEETS**  
The Thursday Evening Bunco club met last week at the home of Mrs. Myrtle Ryan, 2528 Sheridan avenue. Prizes went to Mesdames Angie Hartman, Celeste Johnson, Lorene Campbell, Myrtle Bruns and the hostess.

Refreshments were served to the prize winners and Mrs. Louise Orr and Mrs. Alice Koester. Centering each table were decorated pumpkin cakes which were made by Mrs. Ryan's twin

grandsons, Shane and Shawn Ryan.

Mrs. Ryan invited the club to her home, 2537 Iowa street, in November.

**PACK 22 MAGA SUNDAY AND AWARDS CEREMONY**  
Cub Pack 22, sponsored by the Frohhardt PTA, held its October meeting Wednesday evening at the school. Cubmaster Louis Spohr welcomed all to the meeting, and a flag ceremony was given by Den One under the leadership of the den mother, Mrs. Judy Joyce.

Theme for the month was "Magic," and each den had a variety of magic tricks, including card tricks, a disappearing act and a presentation of "sawing a boy in half."

Dens were performing under the leadership of the den mothers and assistants: Den One, Mrs. Joyce and Mrs. Brenda York; Three, Mrs. Phyllis Stieb and Mrs. Joan Spohr; Five, Mrs. Larsen and Mrs. Anabel Bartling; and Seven, Mrs. Sue Montgomery. Webelos Den One was led by Bill Down and Webelos Den Two by Dr. Harold Toussaint, leader.

Best prizes presented by the cubmaster and Mrs. Lillian Ropac, awards chairman, were:

Den One, Harold Seitz, recruited a new member and a wolf badge; Jeff Joyce, Tony Zedolek and Mike York, Bobcat pins.

Den Three, Bobcat pins, Mike Stieb, Eric Steele and Tom Busch; Jeff Winters, denner stripe; and John Burt, assistant denner stripe.

Five, Randy Bryd, two-year pin and bear badge; Gary Vogler, Bobcat pins; and Mike Stieb, Eric Steele and Tom Busch; Jeff Winters, denner stripe; and John Burt, assistant denner stripe.

Seven, Jeff Donnelly, gold and silver arrows under wolf rank; Mark Montgomery, denner slide and gold arrow under wolf; and Mike Montgomery, silver arrow under wolf.

Receiving Webelos colors and scarfs were Larry Houston, Scott Meyer, Andrew Bartling and Brian Smith.

Webelos Den One awards went to Jeff Bell, year pin; Paul Krause, denner; Robert Parsanian, assistant denner; Roger McFain, outdoorsman, naturalist, artist, and aquanaut; Ron Backs, sportsman; Danny Mangogian, outdoorsman and traveler; and Robert Cardwell, outdoorsman, geologist, artist, athlete and forester.

Webelos Den Two awards went to Bill Kovach, assistant denner, and Warren Abbott, denner.

Dave Robertson and Mark Bressau of Boy Scout Troop 45 had made wooden name plaques for each boy in the pack for pack attendance and advancement displays. They were awarded certificates of appreciation.

Den One retired the colors, closing the meeting. Plans are being completed for presentation of a "cubby" awards at the pack meeting in November.

Halloween cupcakes were served by mothers of Dens Three and Five.

### DEFENSES ACQUISITION OF VOTING MACHINES

To the Editor:

This letter is in reply to accusations by Mr. Pat Urban (Republican nominee for county clerk) that he has made concerning voting machines. I suppose by now his face is red, and he is also confused that the voting machines turned out to be new and simple to operate.

A candidate running for office and making statements about something he knows nothing about certainly doesn't deserve the vote of the people.

I want him to know that the decision of leasing voting machines at this time was made by the Madison County Board of Supervisors upon the recommendation of the Election Study Committee of which I am chairman.

I have been a staunch Republican all my life and believe in voting for people who know what they are doing in office.

Therefore, I cannot vote for Mr. Urban after reading all the accusations he has made that are not true.

### MAYOR URGES VOTES FOR SMITH AND PRICE

To the Editor:

Dear Citizens, concern yourselves. Today, America, the land of the free is threatened from within and without by violent radicals who seek to destroy our nation by any means of violence at their command.

Various extremist groups, by a variety of names, are indoctrinating our children to become drug addicts and to burn, loot and destroy. The morality of our people is rapidly disintegrating under a ruthless and devastating fabric of sordid and sordid which threatens our very moral fiber.

We must call a halt. Complacency and apathy toward these factors today are classified as nearly criminal in the crime of omission, if you will.

Our nation cries out in agonizing pain for conservative, brave, intelligent, experienced leadership.

We cannot, and must not rest, our hopes on the novice or apprentice, the radical left-winger or the radical rightist, the too tolerant or non-tolerant.

If our nation is to be saved, we must select our leaders with an almost religious quality of discretion.

Our selection must be of people thoroughly familiar with our grassroots problems; our selection must not be of foreigners to our area who know nothing of our local problems.

Our selection, therefore, of our national representative and senator—by virtue of necessity, in order to secure the finest and the only safe choice—demands that we elect the best.

We elect our U. S. Senator, T. Smith (R) for the U. S. Senate, and Melvin Price (D) for U. S. Representative.

The straight party man—with some exception—disappeared many false promises ago.

Neither political party has an edge on solutions, either political or economic. No candidate is the answer to the problems the voters because he belongs to "A" party.

Neither party and no candidate can set the world back on its true course. We must, therefore, make our selection by wisdom of action rather than by dictates of party leadership.

Only the two men, Smith and Price, know our area. Neither man is far to the west or east. Both have given many years of dedicated, citizen and area concerned service to our people.

Both Smith and Price are local men, born into our local problems, raised among the pressures and anxieties which fostered the problems that haunt us today.

Both Smith and Price are products of and by our local culture with all its glamour and sorrow.

Only these two men really care about us because our problems are their problems. Why? Because they are of us. These men are not in far-off Cook county, hundreds of miles and millions of citizens away. They are here-of-us. When they leave Washington, they go home, they do not go to Cook county, they come here—to us.

They come to the results of their downstate Illinois decisions. Smith and Price come to the conditions which are the prime concern to them and they have, at all times, been alert to, conscious of and governed by these conditions.

### Important to Cast Vote Tomorrow and To Operate Voting Machine Correctly

Ballooning tomorrow on candidates and proposals will directly affect Quad-Citizens in many ways during the coming months. Each eligible voter owes it to himself to participate in the decision-making.

Each person should take care that he is operating the voting machine in a way that accurately registers his preferences. The machines are new to Madison county, and it would be unfortunate if unfamiliarity led to confusion and mistakes.

The simplest method is to vote individually for each candidate whom the voter supports. In utilizing the small levers, it is unnecessary to actuate the large party lever.

For those who prefer to cast a party vote but also wish to "cross over" for one or more candidates, it is necessary, after voting the entire party, to lift the small lever by the name of the candidate not supported. The lifting then makes it possible to pull the lever of the opposite party's candidate that each "X" is in the right place on the machine, the voter may record his selections by opening the curtains and departing.

### Independence of Circuit Judge Monroe is a Good Reason Why Voters Should Support Him

The timing of the drive by the judicial service of Circuit Judge James O. Monroe Jr. is a bit suspect. If they really felt they had a valid case against him, or any other judge, they would have waited to conduct their polls earlier, giving voters a fuller opportunity to evaluate "pro" and "con" information and opinion.

So, let it be said that the lawyer has yet to be born who does not harbor some thoughts of eventually advancing to the judicial bench. Whether ambition is partly responsible for the "let's defeat Monroe" drive is not known, but it is a fact that "no" vote by the public would have the effect of creating a vacancy in a well-paid position and widely-respected office.

Assuming for the sake of discussion that desire for the job was not a factor in the "thumbs down" recommendation issued by Quad-City and Alton area attorneys, it would appear that those evaluating him either regard him as ineffective or as unacceptable to them for reasons other than effectiveness.

We doubt that the question of ability was the primary consideration. While every judge is human and approaches court duties every opportunity, I hope our voters will not be misled by labels for Senator Ralph Smith's literature. She was paid from money the employees so generously gave to try and secure their jobs.

Two union stewards and the business agent signed the letter. The letter was given to the executive board, it was dated the same day after I called another board member, saying I was going to see him for money out of our treasury to pay a secretary to do work for the Republican Party. The Democrats had the same privilege.

Our president was out-of-town when the money was now backing the Republican party. I say this is a very small trick to achieve a goal. Since the money is supposed to be for law and order, it seems as though his men are doing a fine job of fooling the people.

Wise up, citizens and Depot employees, cast your ballot for a man like Adlai Stevenson, and let the money be for his county. Vote Democrat Nov. 6.

MRS. MILDRED ADAMS 2825 Denver Street Farmer Chicago, Ill. Depot Wives Committee

CHARGES MUSSO STAFF WILL NOT ADMIT DEATH To the Editor:

On Oct. 23 I received a copy of a letter sent to Newark, N.J. by a Supervisor Harry Briggs. After reading the letter from a Madison county deputy sheriff, I am more concerned than ever about our police protection.

At the time of an accident on Oct. 3 in which my son was injured, Daniel Corran called an ambulance. He then called the sheriff, and the sheriff was told to call Granite City police. When he called them, he was told the call should be placed at Edwardsville.

After he explained that he had done this, the Granite City police said they would make the call for him. There was no delay in reporting the accident, and the time the sheriff department said it received the report, 1:56 p.m., is correct. But the time of the deputy's arrival was far from nine minutes.

in a slightly different fashion, it is hard to imagine a serious challenge of his scholarly brilliance and his conscientious attitude.

What Judge Monroe may have done to incur some lawyers' wrath is to connect himself in an independent manner, giving primary attention to his duty as he saw it and to the goal of justice.

Undoubtedly some of his critics are sincerely motivated. But it should be kept in mind that a politically-oriented lawyer may not like a judge who is unresponsive to party control. A stalling attorney may not like a judge who to grant an indefinite number of trial delays.

A lazy lawyer may not like a judge who will not approve every compromise plea that is proposed.

We are not in favor of political decisions, slow courts or courthouse deals, and we think many people feel the same. Voters would be well advised to cast a "Yes" ballot for Judge Monroe tomorrow.

### Pollution Bonds Can Reduce Local Share of Cost of Future Sewage Treatment Plants

Voters on Tuesday may wish to make a special point of voting on the Anti-Pollution Bond Act. If they fail to make this proposal, it will be counted as a "No" vote.

Both political parties support the proposal and have pledged that it will not bring about an increase in property taxes. What it will do is enable Madison county to qualify for a federal tax aid of up to 80% of the cost of additional sewage treatment facilities which they will be required to provide.

As the Illinois Citizens for Clean Water point out, "There is not a community in Illinois which does not have a polluted water problem, and the problem gets bigger every year. For every dollar the state puts up, the federal government will put up two more, as soon as local grant applications are accepted."

### 10 Democrats, Eight Republicans, Seven 'Yes' Votes Tomorrow Are Recommended

Following is a list of the Nov. 3 election endorsements published by the Press-Record on October 27.

U. S. Senator—Ralph Tyler Smith (R). State Treasurer—Alan J. Dixon (D). Superintendent of Public Instruction—Ray Page (R).

Trustees of the University of Illinois—W. Clement Stone (R), Earl Edwin Walter (R), George W. Howard III (D) and Roger B. Fogel (D) (three full terms and one vacancy). Clerk of Appellate Court—Walter T. Simmons (D).

Congressman—Melvin Price (D). State Senator—Merrill Otwin (R). State Representative—Forrest Calvo (D), Leland J. Kennedy (D) and Robert J. Walters (R) (three to be chosen).

Supreme Court Judge—Harold R. Clark (R). Madison County Clerk—Miss Eulalia Hotz (D).

County Treasurer—Allan O. Claus (R). Sheriff—John R. Trimp (D). Superintendent of Educational Service Region—Wilbur R. L. Trimp (D).

Retention of Appellate Judge George J. Monroe—Yes (three full terms and one vacancy). Retention of Circuit Judges Joseph J. Barr, Harold R. Clark and James O. Monroe Jr.—Yes (green ballot area).

Amendments to Banking Act—Yes (pink ballot area). Anti-Pollution Bond Act—Yes (white ballot area).

Separate blue (ballot) Amendment to Add Article IX-A prohibiting taxation of personal property of individuals—Yes.

Enclosed are the signatures of eight persons who are witnesses to the fact that the deputy did not arrive at the scene of the accident of Franklin DeLozier until over an hour after the sheriff's office was notified.

A letter from the deputy dated Oct. 23, 1970, to the Sheriff's Office, dated Oct. 23, 1970, at 1:56 p.m. call reporting the accident. The letter was accompanied by parents, (HB807 and HB808) Against air pollution control by limiting the fact favoring coal mining interests. (HD240-341).

Let your readers think Sam is opposed to everything, we know he is not on the other side of the man, He.

Supported the transfer of \$37 million in motor fuel tax funds to mass transit systems, almost all to Chicago Transit Authority. (HB3386).

Supported a bill to give public officials, including legislators, permission to have tavern interests.

Sponsored two bills which would allow taverns to operate on election day. Supported a series of 10 bills giving special privileges to Chicago.

Now that we have taken a look at the voting record we can decide if we want this kind of representation in the Senate. I am for the things Vadalabene is against and against the things Vadalabene is for, so I shall cast my vote for Senator Merrill Otwin.

### 50 Years Ago Volstead Act Raids Nab Ten Here

NOVEMBER 2, 1920

In one of the most sweeping series of raids made in the Tri-Cities since the advent of Prohibition, Special Agents Young and Shakespeare, enforcement officers from the office of M. T. Higgins of East St. Louis, arrested ten men Saturday and Sunday for Volstead Act violations and confiscated thousands of dollars worth of illicit liquor. Those under arrest reside on Washington avenue, G street, Broadway and State street.

A bazaar will be given Friday afternoon and all day Saturday by Granite Chapter 650, Order of Eastern Star, The Masonic Temple will be the scene of many booths and elaborate decorations. ### 25 Years Ago 57 Federal Lots Declared Surplus

NOVEMBER 2, 1945

Fifty-seven vacant lots owned by the U. S. Government in Lincoln Plaza have been declared surplus and are being offered for sale. Most of the 50x127-foot lots are located on improved streets. Twelve front on Maple street, which is paved with concrete, and all are in a neighborhood which has been improved in recent years, with schools, church, shopping facilities, utilities, bars and storm sewers.

7/5 July D. Bartels, 210 Adams street, arrived home from Camp Grant, Ill., with an honorable discharge after three years and seven months in the service. He served with the Black Devils, a "hush-hush" Canadian-American outfit trained in every form of warfare. Spending two years in Germany, he served at Kiska, Italy, southern France, Germany and Norway.

E. C. Long, principal, announced the following costume prize winners at Harris grade school, Madison: couples, Patsy Lee and Marian Lee Diamond, Claude Stricker and Jack Taylor, and Charline Gobble and Patsy Hubert. Girls, Mary Lou Amhart, Vera Makon and Carolyn Michael. Boys—Jerry Engle, John Sevrine and Ronald Lybarger.

Wayne Johnson, 22 Navy officer third-class, a Japanese prisoner for three and a half years, recounted his experiences in an address to the Granite City Optimist club.

ator to be concerned with the opinions of the people right and concerned with respect for the Constitution, rather than with party pressure from Chicago.

Voter Otwin's voting record clearly shows that he did listen to his constituents, to his conscience, and to the Constitution as well.

He had the courage to vote "No" in spite of high-pressure lobbying from Chicago Democrats and arm-twisting from his own party's high-ups.

His opponent was among the Democrats who said "Yes" to the parochial aid issue, "Yes" along with the Chicago party line "Yes" in spite of the Constitution.

Hopefully, we voters who care about law and order and elected leaders who are free from political machinery, who respect the Constitution, and who teach their fine example that law and order are meaningful.

### FAVORS STEVENSON ON WAR, ECONOMIC ISSUES To the Editor:

We are on the eve of another congressional election. Let us decide if we want this kind of representation in the days of Adlai Stevenson II, who has given us a son for our state and our country.

Adlai II seems to be a remarkably good candidate for our state. He is concerned about the pocketbook issues which affect our well being.

He knows about unemployment, which the past month has risen to a seven-year high of 5.9% and is still rising, and he was in Vietnam. The toll of this ravaging war is staggering in the cost of lives and money destroyed from this country.

The toll has been demonstrated by our fine youth who died and were wounded, plus over \$150 billion in wealth of the American people.

Unless all efforts are made to cut down on our military resources, Indo-China and other people's wars will keep nibbling away until we are nibbled to death; the cost of our well being and a decent living is directly related to the Indo-China war.

As several of our U. S. senators know the central issues, say, we should adjust our priorities, take care of our American people first and stop the decay in cities which need help.

There are 2,000,000 more persons unemployed now than when President Nixon took office in January 1969. Seven hundred persons in Los Angeles for four \$133-a-week jobs as meter readers and the Secretary of State.

St. Louis, a three-block-long line was in need of food stamps. In September, wholesale prices climbed another half percent. As of August, the American price index was 5.7% higher than a year earlier.

In his campaign—two years ago, President Nixon promised to end inflation, and the Viet-

nam war which was widened into Indo-China, and stop the crime rate. He has failed on all three issues.

In a speech Sept. 16, 1964, in Indianapolis, Adlai II stated, "I am not a Republican. I am a statesmanship by blaming President Nixon set the tone of Republican political education on statesmanship by blaming the defeat of French Indo-China on the Democrats in Washington."

Also, two weeks earlier in Cincinnati at a Republican strategy conference, Mr. Nixon, emboldened by his teammates was mostly to avoid discussing the issues and to stay out of debates. The task was to figure out what to do. Anything goes to win an election.

That was the Nixon election of political expediency. As in every election, state and local issues, the merits of an individual candidate, catchwords and morals and the weather will affect results." With some candidates, anything goes for an election win, quote Stevenson.

In November 1954, Adlai II stated: "The perils of war are of the intensities—(1) total war with atom, hydrogen or even cobalt bombs, (2) total war without the use of weapons of mass extermination and (3) the regional or local which we became familiar in China, Greece, Korea and Indo-China."

"The reason for mentioning its implication is that they illustrate the peril for us in small wars as well as big wars, and can be blown to death as well as blown to death."

In that speech, Stevenson said, "The measure of the cost of defeat in French Indo-China and quoted the late President Eisenhower, who at that time stated he 'could conceive of no greater tragedy' than for us to get involved in what was decided as Vietnam."

However, later, when our government was considering armed intervention and calling for "united action," our officials described Vietnam as "transcendent importance" and its loss as "prejudicial to loss of all."

Two months later, when a "united action" had failed and France and Indo-China had fallen, official language changed again. Vietnam became an expendable and the loss was minimized.

That was Adlai Stevenson II speaking. He believed in telling the truth, and his son knows what a terrific toll was taken since our engagement in Vietnam. The reason I stress the importance of Stevenson's talks is that for various reasons, there is a misconception that the late President Kennedy and the Democrats engaged this country in Vietnam. On the contrary, it was the late President Eisenhower and his Secretary of State Dulles.

So, let our people have a choice for U. S. Senator, either Smith or Price. It is a Nixon man who is a chip off the old block. I believe he will tell the truth and be an outstanding public servant.

Participating in the briefing are Major Vivian C. Pohlman (dark uniform), consulting on patient care, and Capt. Dannie Gold, a nurse at the Air Force Hospital. Major Pohlman, a reservist, served as second nurse on the day's flights, aiding the medical crew director, Capt. Peggy L. Smith. Capt. Gold has served in Vietnam and was a nurse recruiter until she was married.

Do not re-pack a pesticide. The bottle or paper package has instructions for use and safety precautions as well as the name of the material. If the container has deteriorated the pesticide probably has deteriorated. If the label is gone, dispose of pesticide.

#### Berries on Japanese Yews

Red berries are a bonus on this handsome shrub and often tempting to children. The juicy red berries so prominent at this season on Japanese Yews are not poisonous while the foliage is known to be fatal. The large stony seed inside the berry is not likely to be eaten. The foliage and the crushed seed are known to be fatal to livestock. The toxic agent occurs in our common landscape taxus, *Taxus cuspidata*, and would require about two pounds of boughs to kill a one-ton horse. The depressant effect of the toxic agent eventually causes heart failure.

#### Garage Windows Broken

George Kuzma, 3224 Hodges avenue, reported at 10 a.m. Friday that rocks were used to break two garage windows at his home.

"Our success is a result of a great desire to do something worthwhile, backed with implicit faith; faith in ourselves, faith in all those who work together making something people need, faith in America and the American way of life, and faith in Providence."

—E.J. Culligan

Punching holes in the bottom of a coffee can, Emmett J. Culligan made a homemade water softener. He used his water to wash his new baby's diapers. It sparked the idea that created a worldwide industry, and brought the benefits of improved water to millions of homes.

That achievement has now won him the Horatio Alger Award, a recognition given annually by the American Schools and Colleges Association to a select few Americans whose inspiring careers demonstrate that the door to success is still open to all.

But success didn't come easy to Emmett Culligan. The son of a Yankton, South Dakota farmer, he took over as breadwinner at nine when his father died. He repaired fences, painted barns, worked at odd jobs until he started his softening business in 1923

in St. Paul. Then he was wiped out in 1933 when the depression tumbled sales to nothing. Four years later, with \$50 in his pocket, he started a new business in the year of a mortgaged blacksmith shop in Northbrook, Illinois. His plan was to furnish softened water to homes on a utility basis. Thus, Culligan Inc. was born, a company which now has 1,000 franchised dealers in the United States and Canada, and operates in 70 other countries. The slogan "Hey Culligan Man" has become synonymous with conditioned water.

which develop into large trees. During the last two weeks Sugar Berry (variety of hackberry), River Birch, Ginkgo and Red Maple were described. To-day I want to describe the Sugar Maple and Sweet Gum.

Sugar Maple (*Acer saccharum*) is widely planted as an ornamental tree because of its brilliant fall color, resistance to breakage and large round top. Sugar Maple is a slowgrowing, low maintenance tree which

matures as a 80-90 foot tree in Illinois. In rich bottom soil it develops as a very large tree while it remains a comparative dwarf in poor dry soils. Sugar Maple is very resistant to breakage during ice and wind storms. The foliage is dark green and dense. The fall color will include bright yellow, orange and red leaves. The seed drops during the early fall and is eagerly collected by squirrels, chip-

munks and birds. The features of long life, dense shade, good fall color and low maintenance ranks this tree among the best.

The Sweet Gum develops as a broad pyramidal tree with dense foliage and spectacular fall color. Traditionally known as a Southern tree the Sweet Gum will prosper in the St. Louis area but cannot survive beyond the central regions of Illinois.

This fast growing tree is resistant to breakage from ice and wind storms and requires little maintenance. When given adequate room the sweet gum will develop into a handsome specimen.

Transplanting and soil acidity are occasionally a problem. Sweet Gums 6-8 feet tall are easy to establish, but larger sizes struggle for several seasons. This tree must have acid soil to survive. Heavily limed soils or natural levels of lime which produce a soil pH above 7.0 will cause sweet gums to be stunted, gradually turn yellow and die.

#### PTA Turns Concern Into ACTION

Many Americans are concerned about what's happening in our nation today—about the tragic increase of deaths caused by drugs, senseless violence erupting in our cities and schools, continued pollution of the air we breathe and the water we drink.

We're concerned and that's good. But it takes more than concern to stop drug abuse, to prevent disruption in our communities, to clean up the environment. It takes people working together who aren't afraid to meet the issues face-to-face. It takes action.

PTA, the world's largest volunteer organization, can supply just that action. During its 74-year history of working to provide quality living and quality learning for all Americans, some of the greatest accomplishments on behalf of children and youth have resulted from the work of the PTA.

Backing up the work of the National PTA, state and local PTAs across the nation continue to channel their concerns into positive action: A midwestern state PTA embarked upon a statewide Children's Emotional Health Program. Designed by the National PTA for implementation on the local level, the program attacks the increasing problem of emotional disturbances in children through an educational program of films, workshops, and group meetings for parents and teachers.

• An elementary PTA in the east chose a project in the field of special education. This local unit adopted a class of 30 children, most of whom were from low-income families. Many of the children had never had a vacation, been to a doctor, or gone swimming in a pool.

The PTA provided a camp, supplied food, obtained the services of a dietitian and a nurse, and arranged for transportation to and from the camp. A metropolitan PTA, alarmed at the growing use of drugs by teenagers, as well as an almost epidemic rise in venereal disease among this age group, sponsored a "teaching workshop" covering both subjects. Designed and manned by authorities in these areas, the workshop played to hundreds of people covering several suburbs.

Now more than ever the PTA is called upon to be outspoken on behalf of children and youth," says Mrs. Leon S. Price, of Dallas, Tex., National PTA president. Through membership in the PTA, men and women and youth can turn drift into direction, indifference into enthusiasm, and delay into action now.

Membership in the PTA is through the local unit (local PTA), which is usually organized in a school, and is open to all persons interested in the welfare of children and youth. Nominal dues include membership in the local, state, and national organizations.

## Bi-State Transit To Revise Aid Request to U.S.

Transit Services Corp., operators of the Bi-State Transit System, with an eye toward receiving assistance under the new \$3.1 billion federal Transit Aid Bill, will revise the 1969-1975 Transit Development Program for resubmission to the Department of Transportation, John C. Baine, president of Transit Services, announced at the regular monthly meeting of the Board of Commissioners of Bi-State Development Agency last week.

The revisions would bring the Transit Development Program in line with requirements set by D.O.T. for assistance under the Transit Aid Bill, Baine explained. "Revisions would be in the areas of marketing, and new technology involving air pollution controls currently being evaluated by D.O.T."

"The revised program also will include an escalation provision to meet increasing costs in the operation of the transit system," Baine said. He stressed the importance of updating the program to maintain and improve the present system to serve as a feeder bus system for the proposed 82-mile rail-like rapid transit system for the metropolitan area.

**Program Provisions**  
The Transit Development Program calls for use of reserved curb lanes for bus traffic, establishment of all-transit streets, use of the reversible lanes of Interstate Highway 70, purchase of new buses, establishment of additional park-and-ride facilities and the purchase of additional two-way radios. Also included in the basic program are plans for erection of additional passenger shelters, modernization of garage facilities, inauguration of a downtown circulatory service and a detailed promotion program.

"In order for Bi-State Transit System to benefit from the Transit Aid Bill, money required for the matching funds on a two-thirds federal versus one-third local basis will have to come from either state or local government funds," Col. R. E. Smyser, U.S. Army (Ret.), executive director of Bi-State Development Agency, said. Bi-State recently spent the money that had been set aside for this purpose by matching a \$1,600,000 grant from D.O.T. for the purchase of 89 new buses.

Passenger revenues reported by Bi-State Transit Systems for the month of September were \$1,977,579 compared with projected \$2,059,000. Col. Smyser said that about \$35,000 of the difference between the actual figures and projection results from the one-week delay in the effective date of the five-cent fare increase which became effective Sept. 7 instead of Sept. 1.

The delayed opening of schools, particularly in Illinois,

**AUDITING THE REPORTS** at the fourth and final United Fund report meeting Friday are left to right: Earl Dotzauer, vice-president and auditor of the First Granite City National Bank; Gilbert Hall of the E. J. Miller Insurance Co., and Dave Norton, UF director. Mrs. Marion Goodin of the UF staff is on the opposite side of the table.

the General Motors strike and subsequent layoffs also were contributing factors.

Charter revenue was \$10,000. Operating expenses were approximately as budgeted, leaving a deficit balance before deduction for the Capital Improvement Fund of \$40,384 compared with a projected balance of \$26,700. Bi-State Parks Airport management reported revenues of \$33,010 for the month of September and \$16,280 for the three-month period from July 1 to Sept. 30. More than 58,869 persons made the trip to the top of the Gateway Arch during September, bringing to 353,038 the number of persons who have used the Gateway Arch Passenger Transportation facilities in the three-month period ended Sept. 30. Bi-State Development Agency operates the transportation facilities in the Arch under a 30-year cooperative agreement with the National Park Service.

### Two Autos Collide

Autos driven by Dennis E. Lipe, 4010 Braden avenue, and Elvis Smith Jr., 3244 Edgewood drive, collided at 10:19 p.m. Sunday in the 2300 block of Madison avenue. Smith was charged with improper entry from a private lot and Lipe with careless driving (too fast for conditions).

### Auto Jumps Curb

An auto driven by Michael R. Petrillo, 2407 Delmar avenue, slid on a slick spot at 1500 Madison avenue and jumped the curb, damaging the left side and undercarriage of the car at 12:30 a.m. today at 1500 Madison avenue.

## Student Survival Kit Orders Now Accepted

Mrs. Joseph E. Aubrecht of Edwardsville, county chairman for the University of Illinois Mothers Association for Madison county, reports that the dates for distribution of the nationally known "Student Survival Kits" sponsored by the Mothers Association will be Jan. 13, 14 and 15.

Orders should be sent now to assure students will receive a kit during the final examination period at the university. Mrs. Aubrecht said. Students will be advised to pick up their kits from a truck to be parked on Wright street at the Champaign-Urbana campus.

The present project marks the eighth year that Student Survival Kits have been provided for the University of Illinois campus. Each year the contents have been varied, but always the first consideration has been nutrition and quality. Mrs. Aubrecht advised, adding that a surprise gift also has been included each year in the package.

Members of the Mothers Association also send Survival Kits to other campuses as well as to servicemen stationed both within the continental United States and overseas.

**First Come Basis**  
Orders are filled on a first come, first served basis, the county chairman explained. Delivery cannot be guaranteed on orders received after Dec. 1, she noted, urging parents to send orders as quickly as possible.

Orders should be mailed to the University of Illinois Mothers Association, Room 2, Student

Services Building, 610 East John street, Champaign, Ill. 61820.

A check or money order in the amount of \$4 made payable to the U. of I. Mothers Association should be enclosed for each kit ordered. If the order is for other than Champaign-Urbana campus, an additional \$1 should be included for parcel post charges.

Mrs. Aubrecht said the "Survival Kit" project has proved highly successful in supporting and encouraging students during the strain of final examination time.

### Gerald M. Wells, 15 Earns Eagle Award

The Eagle Scout award was presented to Gerald M. Wells, 15, last week at the Mitchell scout hall. Gerald, son of Mr. and Mrs. Maurice G. Wells, Box 794, Rural Route Two, is a sophomore at Granite City senior high school.

Gerald has earned 48 scout merit badges. Twenty-one are required for Eagle Scout rank. He also has earned the interpreter's sash in German, the Gold Quill award, Paul Bunyan Axeman and the Mile Swim awards.

He is a member of the Order of the Arrow, national honor camping society in the Boy Scouts of America, and has served as a den chief in Pack 41, and as patrol leader and troop scribe of Troop 41.

George Bugle is Scoutmaster of Troop 41.
